

HSI Coach Education Programme

Continuous Professional Development (CPD)

Continuing Coach Education is a constant process by which Horse Sport Ireland (HSI) Coaches listed as Accredited Coaches by HSI, maintain and develop the skills, knowledge and competencies relevant to their current professional status.

The Continuous Professional Development system operated by the HSI Coaching Department will be overseen by the Coaching Steering Group. The system will be based on accumulation of credits on an annual basis. A minimum number of credits will be required annually by a Coach wishing to remain active on the HSI Coaching Register which is published on the web.

Credits may be obtained through attendance/ participation at courses and seminars at home and overseas. The following information will be required post the event:

1. Name & address of the Provider of the course / event
2. The title of the course / event, its location, a description of the subject matter covered and the names of the Tutors.
3. The dates attended.

Mandatory Requirements:

- I. Current, valid First Aid Certificate

The Accreditation year will run from 1st July 2009 to 30th June 2010.

Minimum credit requirement for retention of Accredited Coach status per annum = 5

Why CPD?

Why HSI will encourage Coaches to join the CPD system-

- 1. Professional obligation – it is the duty of each Coach to provide the best possible level of training to their clients**
- 2. Client expectation – Clients will have more confidence in the level of training they are receiving knowing that the Coach is part of an assured CPD system.**
- 3. Personal Satisfaction – increasing confidence based on gaining more knowledge and interaction with your peers.**
- 4. Litigious circumstances – in case of legal proceedings it might help if you can show that you are continuously attending CPD days.**
- 5. Improves career prospects.**

Extensions and Waivers of CPD Requirements-

- 1. The Coaching Steering Group may grant or deny, in part or in total, an application for extension or waiver of CPD requirements, upon proof that circumstances beyond the Coach's control prevented completion of such requirements.**
- 2. The Coaching Steering Group may, in individual cases involving medical disability or protracted illness of the Coach grant waivers of the CPD requirements or extensions of time within which to fulfil the same.**
- 3. In such instances a written request must be submitted.**

CPD Credit Allocation Table

CPD Events of not less than ½ day duration-
