Inspection Panel Summary

INISFREE THE HOLY GRAIL is close coupled with a good body, barrel and topline. He shows a lot of breed characteristics in depth, substance and has good bone. This horse could show more length of stride in walk and trot. He shows enthusiasm for jumping although he was stretched and uneven during his jumping display. He does get his withers high, is supple in his back and demonstrates sufficient finish to his jump. While this horse did not meet the minimum required score it carries 10 bonus points for its pedigree which can be used to make up the gap between its score and the required minimum for movement and athleticism, hence the horse meets the inspection requirements.
