The European Championships:

How it works:

Thursday & Friday 10th & 11th Sept: The Dressage phase will take place over both days with two team riders competing each day, the three lowest scores from the 4 team riders will form the team result.

Saturday 12th Sept: The Cross Country phase will start on Saturday at 11am. The combinations aim to complete the cross country course with minimal penalties as these penalties will be added to their dressage scores. 20 penalties are given for a refusal and time penalties are added if riders do not complete within the time allowed. Three refusals or fall of rider will result in elimination (1,000 penalties) The Cross Country is approx. 6km long with 40 jumping efforts & an approx. time allowed of 11mins. The three team members with the lowest score will form the team score.

Sunday 13th Sept: Sunday commences with the second horse inspection (trot up). Horses that are not fit for competition are not allowed to complete the competition. The Showjumping Phase will then take place at 11.30am. The three team members with the lowest score will form the team score. The team with the lowest total score after Showjumping will win.
