Full pedigree and performance details must be provided on the form provided. At the qualifiers, foal pedigrees will be assessed on the basis of the information provided following verification by HSI. HSI will produce a verified catalogue for the final. At least three generations of pedigree should be included. Please give as much detail as possible on relatives' performance records, additional pages and documents may be included with the application if desired. Details of sire and damsire performance and progeny do not need to be provided if the stallion is classified in the IHR.
