

## Horse Sport Ireland - Press Dissemination

### HSI Press Office Contact Details

**Email;** [pr@horsesportireland.ie](mailto:pr@horsesportireland.ie)

**Phone:** Brian Hennessy 00353 (0) 87 6120717

Horse Sport Ireland currently provides comprehensive media coverage of Irish Equestrian Sport and produces a level of media content equal to that produced by any National Federation around the globe.

Our aims are: • increased coverage for our sport • keeping those who are already fans of the sport up to date • ensuring that all riders are treated equally

### Notes:

1. While Horse Sport Ireland makes every effort to follow the results of all FEI shows where Irish riders are competing, it is not possible to follow all show results live all of the time. If a rider achieves a result that merits coverage in line with the set criteria, they should email the HSI Press Office [pr@horsesportireland.ie](mailto:pr@horsesportireland.ie). This email address can also be used to forward on photos or links to video's, which, subject to being of high enough quality, may be used on the HSI website and/or social media. \* Note - It is the responsibility of the person sending on photos and video's to assure they meet all copyright and usage rights.
2. Horse Sport Ireland is the National Federation (NF) for Equestrian Sport in Ireland, as recognised by the FEI, ISC, and OCI. All horses and riders representing Ireland in international competition must be registered with the FEI. As the Irish NF, HSI is responsible for providing registrations services for Irish international competitors. All Irish riders wishing to compete at an international show/event must be entered into that event via the FEI Database platform. Horse Sport Ireland makes all international entries for Irish riders competing worldwide. Riders who fail to make their entries through this system, will not have their results reported and may be subject to fines by the FEI.
3. Horse Sport Ireland are proud to report on the achievements of our international riders. It should be noted that the Press Office does not just report on the results achieved. It monitors all international classes worldwide where Irish riders are entered to compete. This is often outside of normal office hours. In 2016 to date, Horse Sport Ireland had in excess of 530 riders competing in more than 420 different FEI international shows and events across 32 countries. This accounts for more than 5,800 Irish entries being made in FEI competitions so far in 2016. The Press Office is also reliant on live links and show services reporting results as they happen and these services are not always available from every show. While we will always endeavour to get results out as quickly and as accurately as possible, we would ask for your understanding and cooperation during times if we are unable to immediately report results
