HSI — PROVIDING INFORMATION TO HELP BREEDERS MAKE DECISIONS

# News

## John Jude Doyle, RIP

HORSE Sport Ireland (HSI) was sorry to learn of the sad passing of John Jude Doyle on 15<sup>th</sup> January 2014. John Jude was a member of the HSI Breeding Sub Board and a founder director of Horse Sport Ireland. He had been a

director of the Irish Horse Board since its inception in 1993.

Born in 1940, John Jude grew up in Rathvilly, Co. Carlow. In the mid '60s he became an advisor in horticulture for Teagasc and moved to Clonroche. In the mid '70s he bought and renovated the Cloch Ban pub in Clonroche.

John Jude was involved in all aspects of the horse sector including the running of his local Clonroche Gymkhana and he was particularly instrumental in the Interschools programme in Ireland. John Jude was South East Radio's equestrian correspondent and

was an equestrian journalist for many magazines. He was the proprietor of the Cloch Ban pub in Clonroche where he was also heavily involved in the GAA. A John Jude Doyle competition is run every year in his local GAA club. He was also passionate about the greyhound industry and had regular winners at Shelbourne Park.

He is survived by his wife Anne (née Doherty) and five children: son C.J. and daughters Lillian, Rosie, Siobhan and Meabh.

# Slieveanorra (ISH) & Moloney second in half million dollar Florida Grand Prix

Kilkenny's Richie Moloney and Slieveanorra (ISH) came second in a spectacular finish in the \$500,000 five-star Grand Prix at Wellington, Florida, on Sunday 30th March, the climax of the US 12-week Winter Equestrian Festival. Moloney collected €73,000 for his runner-up place, with first going to Britain's World Number One Scott Brash, who finished just 1.2 seconds faster in the seven horse jump-off to take the winner's prize of €120,000.

## Breeding for purpose

The current challenge we face is that the economic return for leisure horses, and horses with moderate ability, often doesn't cover the cost of production. Aiming to breed stock for the lucrative end of the Eventing and Showjumping markets is likely to maximize the chance of breeders getting an economic return for their efforts. One big lesson we have learnt since the demise of the Celtic Tiger is that when supply exceeds demand, prices fall through the floor, so in the current market we require less horses and better quality horses.

The influence of the dam over the offspring should not be underestimated and breeding from a mare that has not performed herself, or that has no performers in her extended family, dramatically reduces the likelihood of success. There are no guarantees in this business, and horses will always make liars out of you, but breeders need to consider when they are making their breeding plans this season, what the resulting offspring is likely to be fit for and who is likely to buy it.

Selection of the right stallion for your mare is a crucial decision. Whether you decide to use Connemara, Irish Draught, traditional Irish Sport Horse or foreign genetics, AI or natural covering, is a personal choice, but it must be based on some rationale with the end game for the offspring in sight. Looking at the stallion's track record and his progeny, and the type of mares he clicks with, will help you make your decision.

If you think you need to upgrade your mare, perhaps you might consider buying a filly foal with a good pedigree instead of breeding a foal this year.

Just like with other livestock, the market for horses is cyclical and prices won't stay poor forever; however, future demand will be for quality animals bred for a particular purpose.

**Dr Patrick Wall**  
Chairman,  
Horse Sport Ireland

# Breeder feature – Agata Leonard Arraghbeg Clover bags gold medal at Lanaken

**E**ach September some of the world's most promising five, six and seven year-old horses congregate in the small town of Lanaken, Belgium, to participate in the WBFSH FEI World Breeding Jumping Championships for Young Horses.

In recent years the Irish Sport Horse Studbook has been well represented and has enjoyed success in the Young Horse Championships. In 2009, Capt. David O'Brien took the silver medal in the six year-old final aboard Drumiller Lough (ISH). This gelding by Heartbreaker (KWPN) out of Pearl Diver (ISH), by Mountain Pearl (ID), was bred in County Armagh by Paul Dillon.

With the sweet taste of success still fresh in the mouths of the Irish contingent, the Studbook representatives upped the ante in 2010. Clem McMahon and the Irish Sport Horse stallion NLS Coole Al Clover clinched the gold medal in the six year-old final. By Aldatus Z (OLD) out of Laural Lodge (AID), by Clover Hill (ID), NLS Coole Al Clover was bred by Brian Kenny of County Laois.

Next up was the seven year-old final

with Tipperary's Greg Broderick riding Ballypatrick Mystique (ISH). The pair produced a double clear and collected the bronze medal. Ballypatrick Mystique is by Marion Hughes' 2004 Olympic mount Heritage Fortunus (HANN) out of Lady Ligustra (ISH), by Cavalier Royale (HOLST), and was bred by Ita Brennan in Kilkenny's Mill House Stud.

Forward on to September 2013 and Greg Broderick was again Lanaken bound on the back of an incredibly successful season on Ireland's national showjumping circuit. Broderick and Arraghbeg Clover topped the Irish Sport Horse Studbook Showjumping Series League for five year-olds and followed up with a win in the Irish Breeders' Classic making the pair

**Declan & Agata Leonard with their HSI Breeder Award.**

strong contenders at the Championships.

Unsurprisingly the duo did not disappoint in Belgium and qualified for Sunday's final where they put on quite a show to the delight of strong Irish support, convincingly clinching the gold medal. Ireland's Bertram Allen boosted the Irish spirits taking silver aboard Denver. That afternoon, Allen added to his tally by winning the gold medal in the seven year-old final riding Barnike.

Speaking after the victory Broderick said:

"She is an incredible mare to come through the amount of jumping she has done in the last couple of months including winning the (Irish) Breeders' Classic final, and then to come out here to Lanaken and perform like she did is just unbelievable. Declan Orpen (joint owner of Arraghbeg Clover) is one of my

## Lanaken Irish Sport Horse Studbook Representatives 2013

Each year Lanaken in Belgium hosts the FEI WBFSH World Breeding Jumping Championships for Young Horses. In total, Ireland can send 15 Irish Sport Horses to represent the ISH Studbook at Lanaken. These 15 horses, five in each age category, compete in the 5, 6 and 7 year old World Championships which take place over four days of competition. In addition to Ireland's Studbook team, three Irish Sport Horses competed at Lanaken representing Austria, Belgium and Italy.

best friends and I am really delighted for him. We have had a lot of interest in the mare, particularly from the United States before we even came to Lanaken, but we knew she would have a chance at a medal at Lanaken so we didn't want to miss out on that."

Arraghbeg Clover is by the Irish Sport Horse stallion Captain Clover, a Lanaken competitor himself as a five year-old with Gabriel Slattery in 1997. Her dam, Blidsworth Lion Queen, by

Bonnie Prince (TB), was bred by Diana Warrington and is a half sister to Windgate's Paragon who was ridden by Ireland's Conor Swail.

The proud breeder of Arraghbeg Clover, Agata Leonard, was in attendance to witness the victory and collect the winning breeder's prize of €5,000. Having taken a break from sport horse breeding the Lanaken win has inspired Agata to start breeding again.

"Never in my wildest dreams did I

think I could breed a horse like that," Agata told the *Irish Independent*.

The talents of Arraghbeg Clover certainly did not go unnoticed on the international showjumping scene. Shortly after the Lanaken win it was announced that the 2008 mare was entered in the Holger Hetzel auction in Germany where she would later be sold to Russian showjumper Vladimir Beletskiy for an impressive figure of €400,000.

# Strategic Plan

## Sport Horse Industry strategic planning process

**T**HE Minister for Agriculture, Food and the Marine, Simon Coveney, launched a strategic planning process for Ireland's Sport Horse sector in January this year.

The strategy development is being undertaken by Horse Sport Ireland, Teagasc and the Royal Dublin Society, with an emphasis on export-led growth and increasing employment in the sector.

The strategic planning process will be overseen by a steering group chaired by Professor Patrick Gibbons, Professor of Strategic Management, UCD Smurfit Business School.

The members of the steering group are: Professor Pat Wall, HSI Chairman; Damian McDonald, HSI CEO; Professor Cathal O'Donoghue, Head of Teagasc's Rural Economy & Development Programme (chair of the working group); Declan McArdle, Teagasc Equine Specialist Advisor; Michael Duffy, RDS CEO, and Pat Hanly, Deputy CEO of the RDS and Dublin Horse Show Director.

### Crucial to fabric of rural Ireland

Minister Coveney said: "A recent UCD study found that the Sport Horse sector is worth over €700m to the Irish economy with over 47,000 participating in the sector on a regular basis."

"The sector is crucial to the fabric of rural Ireland and I welcome this initiative to put a plan in place for the commercial development of the sector."

HSI Chairman Professor Pat Wall added: "It is exciting to have the three key organisations working together to help advance the cause of the breeders and producers of sport horses in Ireland. The RDS has a long history of promoting the sector, and with Teagasc, the agriculture development authority, and Horse Sport Ireland as the governing body involving all the affiliates, the different segments of the sector will be catered for and we will hopefully come up with a road map to a commercial industry that will underpin success in all aspects of equestrian sport."

### Sector with potential

Teagasc's Professor Cathal O'Donoghue said: "This is a sector with potential and Teagasc is pleased to get involved with Horse Sport Ireland and the RDS to develop this plan."

Minister for Agriculture, Food & the Marine, Simon Coveney TD, with (from left) Head of Teagasc's Rural Economy & Development Programme, Professor Cathal O'Donoghue, HSI Chairman Professor Patrick Wall and RDS CEO Michael Duffy at the launch of the Sport Horse Industry strategic planning process on 30th January 2014 in the Department of Agriculture, Food & the Marine, Dublin.

"Teagasc has considerable experience in strategy development and knowledge transfer and we look forward to playing our part in developing this strategy."

RDS CEO Michael Duffy commented: "The RDS has a special interest in the Sport Horse sector, supporting Irish Sport Horse breeders and producers is part of our core mission."

"The Discover Ireland Dublin Horse Show continues to grow and we need a vibrant Sport Horse sector to underpin the continued development of the show."

### Make a submission

Submissions outlining suggestions under the following headings to aid the development of this strategy are also being sought: Breeding & Production, Marketing, Institutional Support & Policy, Knowledge Transfer & Training. Submissions should be forwarded to [submissions@sporthorsestrategy.ie](mailto:submissions@sporthorsestrategy.ie) or by post to Sport Horse Strategy Committee, Teagasc, Mellows Campus, Athenry, Co. Galway by **5pm on Friday 2nd May 2014**. For more information, visit [www.sporthorsestrategy.ie](http://www.sporthorsestrategy.ie)

A large crowd attends the Regional Meeting at Knightsbrook Hotel, Trim, Co. Meath on 26th March.

# Stallion Inspections

## Stallion Inspection Results 2014

Irish Sport Horse Studbook  
Approved

### *ELUSIVE EMIR (TB) Approved*

2004 by Elusive Quality [USA] (TB) ex Alwaysinbloom [USA] (TB) by Unbridled [USA] (TB).

# Registration

# Important reminder: registering

## HSI Registration Unit

Horse Sport Ireland (HSI) carries out approx. 35,000 transactions each year, which includes logging covering certificates, registering horses, changes of ownership and other transactions. Last year we dealt with over 46,000 phone queries. We are licensed by the Department of Agriculture, Food and the Marine to maintain the Irish Horse Register which incorporates the Irish Sport Horse and Irish Draught Horse Studbooks. As a condition of our licence HSI has to ensure that all applications are fully complete and comply with legal requirements. We can only process fully complete applications and sometimes this can result in us having to return incomplete applications to the applicant. We avoid returning applications where possible.

## Stamped out of the food chain

Breeders should be aware that all foals must be registered by law before they reach 6 months of age or before 31st December in their year of birth (whichever date occurs later). If foals are not registered within this time-frame HSI is required, by legislation, to stamp the passport with 'not intended for slaughter for human consumption'. While many do not agree with this exclusion it is an EU requirement.

## The benefits of timely registration

- Avoid having your foal's passport stamped with 'not eligible for human consumption'
- Avail of cheaper registration fees

## Avoid delays

- Prompt payment of covering fees will facilitate a timely submission of covering certificates.
- Ensure that you are the recorded owner of the dam and that it is named on its passport.
- Enclose the correct registration fee with the application (see current 2014 registration fees).
- Make sure the form is **fully complete** and that it has been signed by your vet and by you as the applicant (see diagram).

## Covering certificates

Under the rules of the Irish Horse Register stallion owners are required to submit covering certs to HSI before 1st October in the year of covering. Receipt of the covering certificate triggers the issuing of the foal kit to the Registered Mare Owner. At present there is poor compliance with this rule which is contributing to delays in the

## Sample application

APPLICATION FOR REGISTRATION OF A FOAL IN THE IRISH HORSE REGISTER

**Fee (as of 1st January 2014 - 31st October 2014)**

Inclusion of 25% VAT	HSI/HSB Members €16	Others €14
Registration of foals with recorded pedigree	432/€52	498/€64
HSB Membership Renewal	€75/€21	
Registration of Foal	€75/€21	€62/€52

An additional fee of €15/€16 will apply if this form is not received before the 31st October 2014.

A registration fee of €111/€30 for HSB/HSB Members and €148/€23 for Non-Members will apply to forms received after 1st January of the following year. If you wish to have your passport returned by registered post in Ireland a €7/€5 additional fee applies. The registered post fee for abroad is €10/€3.

**IMPORTANT CONDITIONS TO NOTE**

- It is a legal requirement to obtain an identification document for foals by the 31st December of the year of its birth or within six months following the date of birth, whichever date occurs later. An issuing body is required to mark Section IX of the passport issued for an equine animal indicating that the animal is not intended for human consumption if the equine animal is not identified within this time period.
- All foals **MUST BE MICROCHIPPED** with a microchip supplied by an Approved Passport Issuing Authority. Veterinary surgeons receive a refund on the cost of HSI issued microchips for every microchip implanted in a horse registered in the Irish Horse Register.
- For the registration of foals with recorded pedigree, DNA results and covering certificates are required.
- Please enclose the relevant fee (See above fee list).

The following statement **MUST** be signed by the owner:

I accept the HSI conditions of registration and make an application for the registration of this equine. In the case of equines to be registered with recorded pedigree I agree to have this animal and any of its progeny DNA typed and I agree that the DNA samples may be used for research purposes.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

This form **MUST** be completed in full on both sides and returned to Horse Sport Ireland, Registration Unit, Beach House, Millennium Park, Ozbarnstown, Naas, Co. Kildare, Ireland. Tel: +353 (0) 45 855800. E-Mail: registrations@horsesportireland.ie www.horsesportireland.ie

Issued to mare owners once covering cert. is received by HSI.

registration process as covering certs are coming in during the peak registration period. Please note that the Foal Registration Kit is issued to the mare owner listed in our system so please ensure that your mare is in your name as recorded in our system.

## Calling HSI

At peak times HSI receives over 350 calls per day. The annual average is 180 calls per day. We monitor queuing times on our phone system, 80% of the calls are answered within 30 seconds

with 90% answered within one minute. During busy times there may be longer delays due to a large volume of calls.

## Checking online

There are other ways in which you can obtain information relatively quickly. There is information on our website [www.horsesportireland.ie](http://www.horsesportireland.ie) or you can email [registrations@horsesportireland.ie](mailto:registrations@horsesportireland.ie)

## Pre-recorded information

We have been trialling a system re-

# your foal

cently where we have a number of pre-recorded messages with basic information for breeders. These messages are available out of normal office hours.

## Waiting times for passports

HSI's target is to process passports within 7 days of receipt, subject to the DNA results being received from Weatherbys. DNA testing takes between four and six weeks in addition to HSI processing time.

## Foal sales

Breeders who intend selling their foals in the autumn sales should move to register them as soon as possible after birth to ensure that they have passports in time for the sales. Breeders should keep in mind the fact that DNA testing can take up to six weeks.

## VAT on Registration Fees

During 2013 the Revenue Commissioners informed HSI that we would be required to charge VAT on all Registration Fees at the current rate of 23% from 1st January 2014.

Registration fees from 1st January 2014 including VAT At 23%

## Record Pedigree

In 2013, HSI issued approx. 1,200 identification documents for non-Studbook registered foals, in addition to the approx. 5,000 passports for Studbook foals. Breeders should be aware that foals with identification documents with-

out recorded pedigree achieve a lower price at public auction and are more limited in terms of their eligibility for certain competitions and initiatives. No additional value will accrue to your broodmare and subsequent progeny if the foal goes on to be successful.

Breeder feature – Jenny McCann

# Mr Cruise in Control

Jenny McCann-bred gelding is top ISH in World Event Horse rankings

**B**red by Jenny McCann of Hartwell Stud in Co. Kildare, Mr Cruise Control is by the McCann's resident sire, Cruising. The iconic Irish Sport Horse stallion Cruising took fifth place in the World Breeding Federation for Sport Horses (WBFSH) Eventing Sire rankings for 2013, thanks to international Eventing progeny such as Harbour Pilot (Hannah Sue Burnett), Electric Cruise (Joseph Murphy), Mr Medicott (Phillip Dutton) and of course Mr Cruise Control himself.

The dam of Mr Cruise Control, the Irish Sport Horse mare Chia, also bred by Hartwell Stud, is by the American Thoroughbred stallion Broussard, another former resident of Hartwell Stud. The McCann family purchased Chia's dam, a 15.1 hh mare, from Grainne Forrest and later named her Grainne's Double. In 2001, Chia gave birth to her first foal, Mr Cruise Control, who was found stuck in a dry dyke as a newborn by Hartwell Stud employee Cora Corcoran, who carried him all the way back to the stables. Chia went on to produce two full sisters to Mr Cruise Control – now broodmares themselves – before being killed tragically by lightning while in foal to the Cruising son Cougar.

## Sold privately

Mr Cruise Control was sold privately as a foal and would later be sold to the UK through Goresbridge sport horse sales. His current owners Robin and Nicola Salmon decided to purchase him from Jane Wilson (GBR) after seeing him compete as a four-year-old during the Burghley Young Event Horse class.

Affectionately known as 'Tez', Mr Cruise Control finished the remainder of his four-year-old season under Jane Wilson.

Andrew Nicholson (NZL) took the reins when he was a five-year-old and the gelding has been a consistent and reliable mount for Nicholson since he

made his international debut in 2007. Having represented the Irish Sport Horse Studbook at the World Breeding Eventing Championships for Young Horses in 2007 (placing 4th) and 2008 (placing 11th), Mr Cruise Control went on to claim wins in international events such as Hartpury CIC3\* in 2010 and again in 2011.

The pair had previously placed 4th in Luhmühlen CCI4\* in 2010. In 2013, however, Nicholson and Mr Cruise Control returned to the German event and clinched the Luhmühlen CCI4\* ahead of Great Britain's Zara Phillips riding her Olympic mount, another Irish Sport Horse, High Kingdom, by Master Imp (TB), bred by Wicklow's William Micklem.

"He's a big horse that's taken time but he's kept improving through all his training, and that means that out of all my four-star wins this one is particularly rewarding," Nicholson said of Mr Cruise Control following his Luhmühlen victory.

## Prolific

The 2013 British Eventing rankings saw Mr Cruise Control emerging victorious in the horse rankings. As a result, owners, Nicholson, Robin and Nicola Salmon, picked up the Calcutta Light Horse Trophy in recognition of his impressive achievement.

In total, five of the top 20 places in the British Eventing Event Horse rankings went to Irish-bred horses. Following Mr Cruise Control's 1st place, another Andrew Nicholson ride, Calico Joe, finished 6th, The Deputy took 14th, 17th went to Kilronan and the Irish-bred, owned and ridden mare, Fenya's Elegance, finished 19th.

The outstanding achievements of Andrew Nicholson and Mr Cruise Control saw the almost 17.3 hh gelding finish the 2013 Eventing season as the highest ranked Irish Sport Horse in the 2013 World Breeding Federation for Sport Horses (WBFSH) Event Horse rankings with an impressive 3rd place.

## WBFSH EVENTING STUDBOOK

# Genetic Evaluation

## What is Genetic Evaluation?

Genetic evaluation is a prediction of the genetic merit of a horse. It provides an objective, statistical measurement of a mare's ability to breed international level showjumpers. It is a useful tool as part of a balanced approach to mating decisions. When assessing the breeding potential of a mare, it is an additional source of information for breeders.

## How are the results presented?

The results are presented as Breeding Values (BVs). Breeding values are expressed as an index with an average value of 100 and a standard deviation of 20. The value of 100 reflects the average genetic merit of active breeding mares in Ireland. A horse's breeding value measures the difference between its genetic ability and the average of the population.

For example, horses with breeding values of over 140 are in the top 1% of the population for that trait. The breeding values of mares indicate whether they are predicted to be better or worse than average and range from 50 to 150. Mares successful at international level in showjumping have breeding values over 130.

For example, horses with breeding values over 120 are considered to be of high genetic merit and are breed improvers. Horses with breeding values over 130 are considered to be superior breed improvers. Mares with breeding values over 120 have the potential to breed foals with breeding values over 130 when mated with the correct stallion.

## What do breeding values tell breeders about their mares?

For older mares, it measures the improvement in showjumping ability due to their genes taking all their showjumping progeny at all levels of showjumping into account. Both good and bad progeny are included. Using a high breeding value mare increases the chances of producing an international level showjumper. The chances of a mare with a low breeding value producing an international level showjumper are slim. The breeding values of older mares are mainly based on the showjumping results of their progeny.

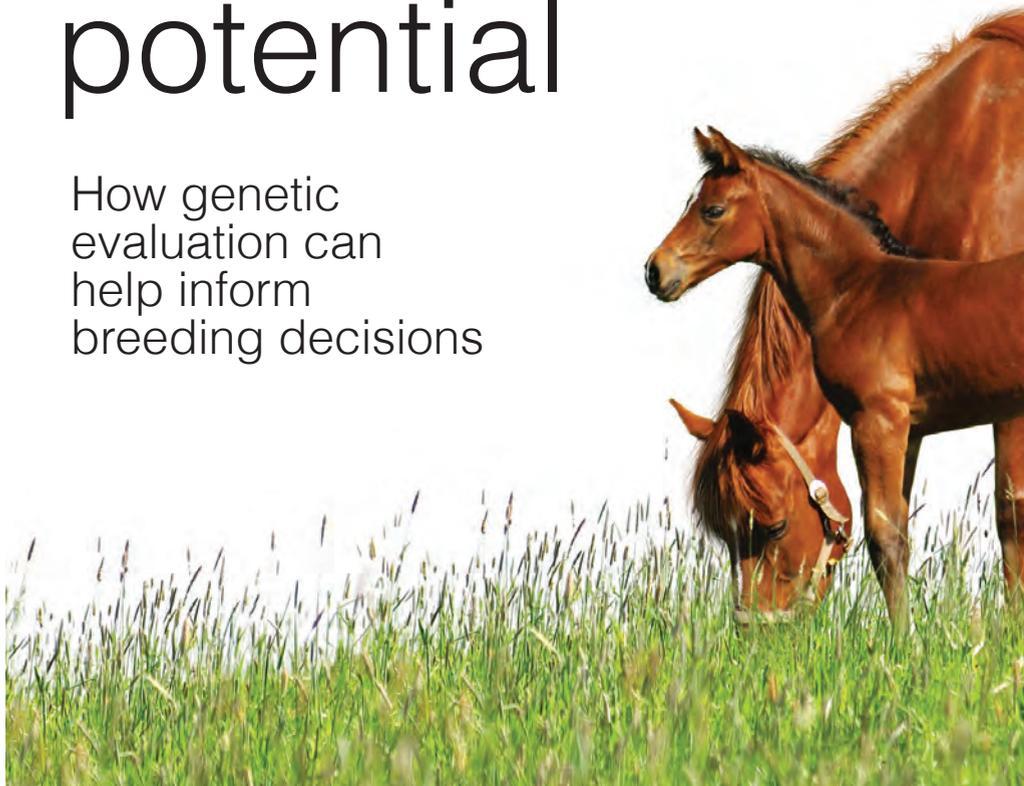

For younger mares, breeding values measure their potential to produce international level showjumpers in the future based on their own showjumping performances and pedigree. Breeding values based on its own performance tell us if a horse is living up to the potential indicated by its pedigree.

## What information is included?

The entire showjumping career of a horse and all its relatives are taken

# Assessing your mare's breeding potential

How genetic evaluation can help inform breeding decisions

into account. Showjumping ability is measured by assessing the highest level in sport at which a horse has achieved two double-clear rounds. This is termed the horse's lifetime performance rating and is assessed in a similar manner to HSI star ratings. Similar methodologies have been researched and implemented by the Dutch and Belgian studbooks. The Dutch genetic evaluation system has been in place for over 20 years and is based on a similar method that focuses on the highest level that a horse has competed at.

The levels used in the HSI evaluation range from national SJI 1.00m level to FEI Major Championships, e.g. Olympic Games, WEG, World Cup. The main source of results is a combination of SJI and FEI databases though other information sources are used when available. For example, it is possible to include national level performances that have taken place outside of Ireland. There are no time or geography

limitations on the data that can be included as long as it has been verified by HSI.

## How are breeding values calculated?

Breeding values predict the genetic advantage that a horse will pass on to its offspring for a particular trait, taking into account all relatives, both good and bad. The genetic evaluation process produces breeding values by disentangling the effects of genes on performance from the effects due to rider, training and luck on the day, etc. It also separates out the effects that genes inherited from a horse's sire have on performance from those of genes inherited from a horse's dam.

## What information is available for breeders?

Breeders wishing to receive a genetic evaluation report for their mare can contact HSI on [genetics@horsesportireland.ie](mailto:genetics@horsesportireland.ie) including details of the

mare's name and UELN.

The primary piece of information given on a mare's genetic evaluation report is the breeding value. For example, the highest ranking mare at present in the Irish Sport Horse Studbook is 'Flex', dam of international showjumping stallion 'Flexible'. She has a breeding value of 150 which reflects her own performance at FEI CSI3\* level and her track record of having produced three international showjumpers.

Alongside each breeding value, a number of statistics are provided as extra complementary information to breeders. This information can help breeders better interpret the breeding value.

The reliability figure reflects how much information is available within the genetic evaluation. Reliability figures range from 0 to 1 for stallions and from 0 to 0.5 for mares. A high reliability indicates that breeding values

**Breeders wishing to receive a genetic evaluation report for their mare can contact HSI on genetics@horsesportireland.ie**

are not likely to change even if more information becomes available. The genetic evaluation report also contains an edited pedigree report similar to that published in HSI catalogues.

Breeders should note that breeding values from other studbooks are not directly comparable and that a breeding value of 140 abroad is not the same as a breeding value of 140 in Ireland.

#### How can breeders use breeding values?

If you are aiming to breed high level showjumpers, this corresponds to breeding foals with as high a breeding value as possible, ideally with a breeding value of at least 130. A foal's breeding value is the average of its parents so if your mare has a breeding value of 120, you should focus on choosing a stallion with a breeding value of over 140. Breeding values for stallions are available in the stallion book and online on the HSI website.

For Irish Sport Horse stallions with breeding values greater than 130, over 20 times as many of their offspring will compete at international level compared to the offspring of stallions with breeding values of less than 100, and their foals achieve, on average, €445 more at auction.

The chances of a mare with a low breeding value producing an international level showjumper are slim

## Horse Sport Ireland Coaching Programme

### Spring 2014 Coaching Courses

Horse Sport Ireland (HSI) offers equestrian coaching courses accredited by Coaching Ireland. HSI Coaching courses are competition based coaching qualifications, using modern techniques to improve both horses' and riders' performance and are led by professional equestrian tutors. HSI is pleased to announce the initial dates and venues for Spring 2014 Coaching courses.

#### HSI Introduction to Coaching

15th April	Maryville Stables, Carrigaline, Co. Cork
27th May	Galway Equestrian Centre, Athenry, Co. Galway
14th July	Broadmeadow Equestrian Centre, Ashbourne, Co. Meath

#### HSI Level 1 Apprentice Coach

(Days 1 & 2 – first two dates of a four-day course)

28th & 29th April	Mullingar Equestrian Centre, Co. Westmeath
1st & 2nd July	Ennis Showgrounds, Ennis, Co. Clare

#### HSI Cross Country / Eventing Course

7th April	Wexford Equestrian Centre, Tomhaggard, Co. Wexford
24th June	Grange Farm, Drumlorgan, Kilcock, Co. Meath

More dates will be announced throughout the year. For more information contact Catherine Farrell on +353 45 854512 or email cfarrell@horsesportireland.ie

# Irish Horse Gateway

Connecting the World to the Irish Horse

[www.irishhorsegateway.ie](http://www.irishhorsegateway.ie)

## Sell your horse online

The Irish Horse Gateway (IHG) is a website that was initiated by Horse Sport Ireland (HSI) in 2013. While there are many sites for selling horses and all things equine, some do not present the best overall image of Ireland.

HSI receives requests from prospective buyers abroad about purchasing an Irish horse or pony. In response it has directed buyers towards public auctions in Ireland such as Goresbridge and Cavan, which do an excellent job. However, it does not always suit some purchasers to buy at an auction.

The Irish Horse Gateway's mission is to connect buyers to sellers of Irish horses and ponies and to promote the Irish horse and pony internationally to build upon its reputation worldwide.

All revenues generated by the IHG will be reinvested in marketing the IHG and Irish horses and ponies. The aims of the IHG are:

- To help breeders and producers in Ireland to market high quality Irish horses and ponies in international markets
- To give foreign buyers increased confidence in buying horses and ponies in Ireland
- To assist foreign buyers in sourcing reputable providers of other services they may require
- To provide market feedback to Irish

breeders and producers

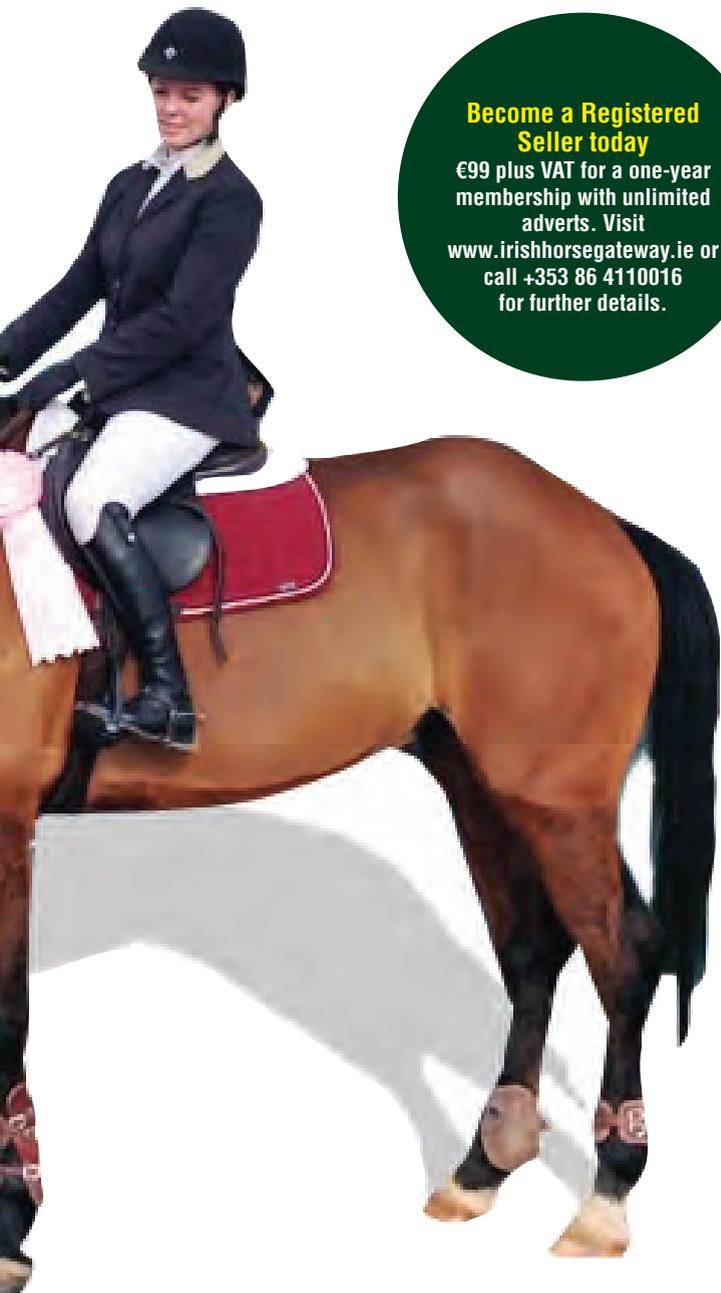

Dean Krossa's daughter at Spruce Meadows, Canada on board 'Carra-beg Horizon' which was purchased through the Irish Horse Gateway.

breeders and producers

The site has a number of features, for example participating sellers must sign the **Code of Conduct** before they put their horses for sale on the site and all horses must have **recorded pedigree**.

The IHG has been in commercial operation since September 2013. Since then we have rolled out various marketing activities focusing on the

US, UK and Canadian markets. The IHG is still a very new service in the online marketplace and our current marketing activities are focused on investing in brand building so we can boost awareness and generate a professional sales channel for Irish sellers. The feedback from buyers who have purchased through the IHG has been extremely positive.

# Testimonials

• “From our experience, the Irish Horse Gateway has been a very effective medium through which we can promote and showcase our horses. We have advertised some of our young stock and some of our more experienced horses and we are delighted with the interest it has generated and the subsequent sales which have resulted. I would certainly recommend the Irish Horse Gateway as a great website for Irish owners and breeders.” **Green Forest Stables, Co. Mayo**

• “Selling my Eventer on the Irish Horse Gateway was a great experience. The buyer of my horse said that using the Irish Horse Gateway gave her great confidence in buying from us.” **Olivia Holohan, Boolagh Stud, Co. Tipperary**

• “Our search for a new jumping horse for our daughter grew from North America to looking exclusively for Dutch Warmbloods in the Netherlands, but having come across the Irish Horse Gateway we ultimately decided on a trip to Ireland to view several Irish Sport Horses. We purchased and imported two Irish Sport Horses into Canada in October 2013 and couldn't be happier with our choice. In March this year our daughter competed in her first 1.2m class at Spruce Meadows with a respectful 6th placing.” **Dean Krossa, Canada**

Every effort has been made to ensure that no inaccuracies have occurred in collating this data. If you would like your mare's passport updated to reflect her current classification, please send it in to the HSI Registrations Department. If your Irish Sport Horse mare meets the criteria for 3 Star Level or above please contact the HSI Breeding Department with the relevant performance information and your mare will be upgraded to SELECT upon verification of the performance records.

Fenya's Elegance in action.

PJ Hegarty receiving his award from HSI Breeding Sub Board Chairman Jim Beecher at the HSI Breeders' Awards 2013.

## Fenya's Elegance makes

**F**enya's Elegance is now the third generation mare in PJ Hegarty's breeding programme. Her dam, the Irish Sport Horse mare Fenya, by Good Thyme (USA) (TB), was competing on the showjumping and showing circuits when PJ decided to do Embryo Transfer (ET) on her in order to keep the bloodline alive. Fenya was bred to Ricardo Z (ZANG) who had been ridden previously by Francis Connors.

In addition to Fenya's Elegance, Ricardo Z progeny have featured prominently in international Eventing and as a result, the Kedrah House Stud owned sire took the number 3 slot in the World Breeding Federation for Sport Horses (WBFSH) Eventing Sire rankings for

2013. With 1st going to Heraldik (TB) and 2nd to Master Imp (TB), this makes Ricardo Z the highest-ranked living event horse sire of 2013. Other noteworthy international Eventing progeny include Sportsfield Othello (Joseph Murphy), Ballyengland Rebel (Niklas Bschorer) and Ballylaffin Bracken (Kristin Schmolze).

"From a foal she stood out: strong, energetic and a very quick learner," recalls PJ, who is based in Bandon, Co. Cork. Fenya's Elegance enjoyed a diverse and successful upbringing. As a young horse she competed in the Young Irelander in Millstreet placing 5th overall and emerging as the top filly. The Future Event Horse League (FEHL)

saw Fenya's Elegance win two qualifiers before being crowned the overall 4 year-old champion with Rosemary Connors on board.

In 2011, Ireland's Brian Morrisson and Fenya's Elegance represented the Irish Sport Horse Studbook at the FEI World Breeding Eventing Championships for Young Horses in Le Lion d'Angers, France, where they placed 18th. In 2013 – an incredible year – Ireland's Aoife Clark and Fenya's Elegance made their first international appearance together when they took 2nd in Chatsworth CIC3\* before placing 8th in Gatcombe CIC3\*. Most impressively, the pair made history by winning the Blenheim CCI3\* in September – the

## Le Lion d'Angers Irish Sport Horse Entries 2013

Each year Le Lion d'Angers in France hosts the FEI WBFSH World Breeding Eventing Championships for Young Horses. In total, 104 horses are selected by their countries to compete at these prestigious championships. This year, of the 104 horses selected to compete, 25 were Irish Sport Horses. Twelve of these Irish Sport Horses represented Ireland and 13 represented other countries including Belgium, Great Britain, Italy, Japan, New Zealand, Sweden and the USA.

# history with Blenheim win

first Irish rider to do so in modern-day Eventing.

"I knew I had to go clear," Clark said following her Blenheim CCI3\* win. "We've only had one showjumping rail down all year, but there was still pressure. To win here means a huge amount. This mare is just at the right stage to be looking at the (2014) World Equestrian Games and then Rio."

Such results ensured that Fenya's Elegance finished in the British Eventing Top 20 event horse rankings in 19th place – one of five Irish-bred horses to do so. In the WBFSH event horse rankings Fenya's Elegance comes in at number 73 making her the highest-placed Irish Sport Horse mare and the

highest-placed Irish Sport Horse ridden by an Irish rider. Fenya's Elegance is also particularly unique in that she is still owned by her breeder.

Speaking at the 2013 HSI Breeders' Awards, proud breeder and owner PJ Hegarty takes a sensible approach to his breeding operations.

"It costs the same to keep a good one as an average one, while you can have the satisfaction of success with the good one."

"I am a firm believer in good, strong, thoroughbred breeding, as it's the foundation of my breeding plan. It's essential to have performance on both sides of sire and dam today."

Although PJ Hegarty would under-

standably like to have a foal out of Fenya's Elegance in the future, he is giving priority to her Eventing career.

Her dam Fenya last produced a foal in 2011 by Cavalier Royale (HOLST), called Fenya's Royale, therefore PJ's focus is on getting a viable pregnancy from the now 18-year-old mare in 2014.

PJ is very excited about the siblings of Fenya's Elegance. The five-year-old Fenya's Guidingstar, by the Thoroughbred sire Kris Kin (USA), began his Eventing career in late 2013.

Fenya's Garsun, a full brother to Fenya's Elegance, will begin the training process this spring and possesses an identical jumping technique to his sister, according to his breeder PJ.

# Breeders' Awards

Recipients with their awards at the annual HSI Breeders' Awards at Bloomfield House Hotel, Mullingar, Co. Westmeath in November 2013. Back row [L-R]: Alyssa O'Neill, Caoimhe Kenny, Ruaidhri Ó'Ciainain, Orla Dooley, PJ Hegarty, HSI Breeding Sub Board Chairman Jim Beecher, Gina McCann (on behalf of Jenny McCann), Judith Sossick, Rosemary Connors, Agata Leonard and Mary Quinlivan. Front row [L-R]: William Micklem, John Hughes, Dr Noel Cawley, Raymond Sloyan, Pat Nihill and Tom Hurley.

## HSI Breeders' Awards 2013

Horse Sport Ireland held its annual Breeders' Awards in Bloomfield House Hotel, Mullingar, Co. Westmeath at the end of November last year. The awards recognise the achievements of Irish Sport Horse and Irish Draught Horse breeders who have produced outstanding results throughout the year. There were 13 awards presented on the night. HSI Breeding Sub Board Chairman Jim Beecher presented the awards to the recipients.

- 1. Breeder of the Top International Event Horse**  
Mr Cruise Control (ISH) bred by Jenny McCann, Co. Kildare.
- 2. Breeder of the Top International Showjumper**  
Castlefield Eclipse (ISH) bred by Pat Nihill, Co. Clare.
- 3. Breeder of the winner of the CCI3\* at Blenheim Palace International Horse Trials**  
Fenya's Elegance (ISH) bred by PJ Hegarty, Co. Cork.
- 4. ISH that contributed most to the Irish Showjumping Team**  
Loughview Lou-Lou (ISH) bred by Judith Sossick, Co. Antrim.
- 5. Highest Placed ISH at FEI World Breeding Jumping Championships for Young Horses, Lanaken**  
Arraghbeg Clover (ISH) bred by Agata Leonard, Co. Offaly.
- 6. Highest Placed ISH at World Breeding Eventing Championships for Young Horses, Le Lion d'Angers**  
Fernhill Adventure (ISH) bred by Mary Quinlivan, Co. Cork.
- 7. Breeder of Top ISH Showing Mare**  
Woodfield Valier (ISH) bred by Rosemary Connors, Co. Waterford.
- 8. Breeder of Top Irish Draught Showing Mare**  
Elm View (ID) bred by Raymond Sloyan, Co. Mayo.
- 9. Young Breeder Team Award**  
Junior Young Breeder Team: Orla Dooley (Kilkenny), Caoimhe Kenny (Laois), Alyssa O'Neill (Kildare), Ruaidhri O'Ciainain (Galway).
- 10. Recognition for a successful Eventing Breeding Programme**  
William Micklem, Co. Wicklow.
- 11. Recognition for a successful Showjumping Breeding Programme**  
Dr Noel Cawley, Co. Kildare.
- 12. Outstanding Contribution Award to ISH Breeding**  
John Hughes, Co. Meath.
- 13. Special Award in recognition of his contribution and dedication to the Irish Horse Register**  
Tom Hurley, Co. Kilkenny.

# ISH Young Breeders' Programme 2014

By Wendy Conlon

The ISH Young Breeders' Programme is now in its eighth year since inception in 2006. It is a joint programme between Horse Sport Ireland (HSI) and Teagasc. The programme is aimed at those aged 14–25 years who are interested in assessing, exhibiting and breeding performance horses. An avid interest and an eagerness to participate and learn are all that is required.

The WBFSH Young Breeders' World Championships take place every second year and 2015 will see the next hosting of both National and World Championships competitions. The World Championships are planned to take place at Hartbury College in England in July 2015, when teams from all over the world will again come together to represent their respective studbooks. As there are no competitions during 2014 it is a fantastic opportunity for all current and new members to get as much as possible out of the programme, as attendance is open to all for each of the training days this year.

**The Young Breeders' Championships are based on five key areas:**

1. Theory (stable management, the sport, breeding, feeding, health and welfare)
2. Assessment of conformation
3. Assessment of loose movement and loose jumping
4. Presentation of horses in hand using the triangle system
5. Turnout of horses

Training during 2014 will be flexible with regard to the content of training days. While training is always linked to the core values of breeding and producing performance horses, there will be opportunities for course walks with coaches and other experts;

Members of the ISH Young Breeders 2013 Team at the RDS, 8th August 2013. Back row [L-R]: Rossa Gallagher, Ruaidhri O'Cianain, Iris Brazil, Alyssa O'Neill. Front row [L-R]: Ciara Greaney, Orla Dooley, Caoimhe Kenny, Regina Daniels.

The ISH Young Breeders Team at the International Young Breeders Competition in Sweden, 2013.

discussion of markets; practical stable management and husbandry; and indeed there may well be a visit to a very well respected thoroughbred breeding and production facility later on in the year. The aim is always to engage with the very best in the industry and offer young people every opportunity to have open discussion and opportunities to learn from these individuals.

### Overall Reserve Champions 2013

Last year, 2013, was a superb year for ISH Young Breeders at the World Championships in Sweden. The Irish Sport Horse Team was one of 20 teams that travelled to Sweden to take part in the Championships. Each studbook was represented by a Senior Team (20–25 years) and a Junior Team (17–19 years). The Irish Sport Horse (ISH) Studbook Young Breeders Team, sponsored by Connolly's Red Mills, put in an incredible performance to finish as Overall Reserve Champions.

The ISH Young Breeders Junior Team won the Junior Competition. The winning team consisted of Alyssa O'Neill (Kildare), Caoimhe Kenny (Laois) and Orla Dooley (Kilkenny), with Ruaidhri O'Cianain (Galway), in reserve. In addition, Orla Dooley won the Overall Individual Junior Championship and the In-Hand section. Alyssa was third and Caoimhe was fourth overall individually in the Junior Competition. Also in the Junior Competition, Alyssa finished in third place in the Conformation section.

The ISH Young Breeder Senior Team consisted of Rossa Gallagher (Meath), Iris Brazil (Westmeath) and Regina Daniels (Galway), with Ciara Greaney (Dublin). In the Senior Competition Iris Brazil won the Loose Jumping division. On the combined Junior and Senior sections the ISH Studbook finished as Overall Reserve Champions, second only to the Holstein Studbook team.

## Training Programme 2014

Training dates for the early part of the 2014 season

Date	Venue	Focus	Trainers
April 23rd	Bourns Sport Horses Eyrecourt Ballinasloe Co. Galway	Conformation, Movement and Jump; Assessment of young horses and discussion of potential markets	Tiernan Gill.
May 10th	Fernhill Stables Granges Road Kilkenny City	Type of horse for Eventing market; Production of horses for sale; Market value; Husbandry and other matters	Carol Gee and Teagasc.
May 31st	Tattersalls International Horse Trials Ratoath Co. Meath	Course walks with coaches/experts	Nick Turner, HSI High Performance Eventing Manager. Plus others to be finalised.

**Booking training days:** All training attendance must be pre-booked with Wendy Conlon in Teagasc on 087-9879083 / 091-845291 or at [wendy.conlon@teagasc.ie](mailto:wendy.conlon@teagasc.ie) Further details are available on the HSI and Teagasc websites and on the ISH Young Breeders Facebook page. New members are always welcome. More training dates will be scheduled in due course.

# Trade Mission

## Middle East Trade Mission

**H**orse Sport Ireland was invited by the Minister for Agriculture, Food and the Marine, Simon Coveney TD, to be part of the Gulf States Trade Mission late last year. The Trade and Investment Promotion Programme was led by the Minister and ran from 26th October to 1st November 2013.

The Minister's travelling delegation included officials from the Department of Agriculture, Food and the Marine, including the Secretary General and Assistant Secretary. The delegation also included officials from Horse Sport Ireland, Bord Bia, Enterprise Ireland, Horse Racing Ireland, Irish Thoroughbred Marketing and the Embassies of Ireland to the Kingdom of Saudi Arabia and the United Arab Emirates.

The Gulf States visited included Qatar, the United Arab Emirates (UAE) and Saudi Arabia. Approx. 60 representatives from Irish companies also travelled to the region as part of the trade mission group.

### Doha, Qatar 27th Oct.

Visit to Qatar Equestrian Federation, Stables & EC, where Irishman Charles Maudlin is Stable Manager; Ministerial meeting with Mr Hamad Al Attiya, Qatar EF Chairman.

### Abu Dhabi, UAE 28th Oct.

Visit to Abu Dhabi EC; Al Forsan EC where there are over 60 Irish horses in the riding school; the Irish Ambassador's Residence; Sharjah EC & Racing Club where the delegation saw Larkhill Cruiser (ISH); Sharjah Equine Hospital; Emirates EC.

### Riyadh, Saudi Arabia 30th Oct.

Visit to the Kings Stud of His Majesty King Abdullah Bin A'Aziz Al Saud and a Ministerial meeting with HH Prince Faissal Bin Abdullah Bin Muhammad Al Saud.

### Sport Horse Sector Key Objectives

- Develop and grow key political and commercial relationships between Ireland and Qatar, the UAE, Saudi Arabia, and with the Gulf Co-operation Council, in the equine sector.
- Build on and promote Ireland's image in the Gulf States as:
  - A source of the highest quality and performing Thoroughbred horses in the world and also in relation to sport horses for equestrian events.
  - A strong equine education provider. Ireland is an ideal location to study all facets of equine care and manage-

Presentation by Minister Coveney on behalf of HSI to HH Prince Faissal Bin Abdullah Bin Muhammad Al Saud in Riyadh, Saudi Arabia, to mark appreciation of the support of the Saudi Equestrian Fund. Also present Mark Bolger (left), HSI Director of Finance & Operations.

LVS Vanessa (ISH) with UAE joint owners Mr Omar (centre) and UAE international rider Abdullah Al Marri on board LVS Vanessa, with Mark Bolger, HSI Director of Finance & Operations (left).

ment. There are over 20 educational institutes offering students the opportunity to study everything from Equine Care and Management right through to Veterinary Science.

- Engage with the Diaspora in the Gulf States with a view to developing further their promotion of Ireland in relation to the equine sector and promote the work of the various Irish business networks in the region.
- Promote the work of Horse Sport Ireland.

### Observations

There is a huge amount of goodwill towards Ireland and its people from each of the Gulf States visited. Irish people are held in high regard when it comes to conducting themselves in business. One of the challenges is that Ireland is

seen as a place to buy Thoroughbreds but The Netherlands, Germany and Belgium are seen as the markets to buy sport horses.

Horse/pony usage is focused primarily on showjumping and riding school type horses. The endurance horse market is closed for Irish Sport Horses as Arabian horses are considered the best. There is a demand for the following:

### Horses/Ponies

- Irish horses/ponies for riding schools/academies
- Amateur/semi-professional horses 1.10m-1.30m
- Young showjumping horses: 'Lakenaken' types
- Riding for disabled horses/ponies
- Police duty horses

At the Irish Draught Daughter Studbook Meeting at the RDS on 8th August 2013, [L-R] Alison Corbally, HSI Director of Breeding & Programmes, Cheryl Anderson, IDHSC, Sue Benson, Heather Chaplin, Brian Gates, all from IDHSGB, and Deirdre Harty, HSI Assistant Breeding Manager.

With spring on the way the Irish Draught Horse Society of Great Britain (IDHS-GB) looks forward to some nice weather (with less rain I hope) and the beginning of another show season. It is exciting to see the new crop of foals and new Irish Draughts coming through.

### **Breed Show 30th & 31st August**

Our 2014 annual breed show will be returning to the Lincolnshire Show Ground, Grange-de-Lings, Lincoln, on Saturday and Sunday 30th and 31st August. The highlight of the show is the Blue Chip challenge. This is a ridden class where horses have to qualify at affiliated shows throughout the country, which enables them to come forward for the final to compete for a total prize fund of £2000. Needless to say, the Blue Chip challenge attracts the best Irish Draughts in the country, many of which are Irish bred. They are a fabulous sight to behold. We look forward to catching up with friends old and new.

### **New Classes**

New classes for 2014 include a Small Mare Class (15.3hh and under). The Veteran Mare Class and the Progeny Group Class will be re-introduced. The Snowford (GB) Breeding Class

will return as a standalone class at the Breed Show only (no qualifiers) where mare and foal are judged as a pair. The Mare of The Future Class is also a standalone class, with no regional qualifiers, open to any mare in, or eligible for, the main Studbook.

### **Good demand for Irish Draught**

A combination of expensive fodder and the recession generally has hit the horse market throughout Europe, but thankfully we are now seeing signs that things are starting to improve. We have been fortunate here in the UK. In the main, there still seems to be a demand for the quality horse, particularly those that are broken and going. Young stock have proved more difficult to move. Generally, we see the demand for the Irish Draught still remains good with buyers aware of, and keen to retain, those attributes for which the Irish Draught is famous. In addition to the fact that they are

fabulous all-rounders, more and more we are seeing 25% and even 50% Irish Draughts competing at a very high level in Eventing. The IDHS (GB) is keen to review its Sport Horse register with more emphasis on promoting the ID cross TB.

### **Breeding Programme Taskforce**

I was delighted and honoured, along with representatives from Ireland and Canada, to be asked to join the Taskforce, looking at the 2013 review of the breeding programme. It is imperative for the conservation of the Irish Draught that we utilize bloodlines available worldwide. The 'modern' stamp of Irish Draught has helped greatly in providing a market for geldings, but we cannot lose sight of the fact that we must also retain the traditional types. Without the latter we will lose the characteristics for which the Irish Draught is famous.

# HSI Sponsorship Results 2013

ISH Studbook Eventing Series 2013 Award Winners at Coilóg EC, Co. Kildare. [L-R] John McKay, representing Dr Cormac McKay, owner of Oakley (ISH), winner of the Overall 6 Year Old League Finals; Mary & William Donegan, breeder of Cushlas Skyimp (ISH), winner of the Overall 4 Year Old League Finals; and John & Maria Melvin, breeder/owner of Glenkeeran River (ISH), winner of the Overall 5 Year Old League Finals.

# Mare Championship Results 2013

## HHS Inspiration wins ISH Studbook Mare Championship

**K**ilkenny-born Marion Hughes and her OBOS Quality 004 (OLD) mare HHS Inspiration won the inaugural Irish Sport Horse (ISH) Studbook Mare Championship at Equus Live on 2nd November 2013, in the Punchestown Event Centre, Co. Kildare.

As owner and breeder of the champion, Marion collected €2,500 in prize money. Fifteen mares qualified for presentation and all received an ISH Studbook mare premium of €250 for the owner and €100 for the breeder of the mare.

Michael Slavin compered the Championship which showcased the top three-year-old and four-year-old mares that were presented for inspection and assessed by HSI's inspection panel on the basis of their pedigree, conformation, movement and athleticism.

All showed exceptional qualities as potential broodmares, qualities highlighted by HSI inspectors, Comdt John Ledingham and Maurice Coleman, at the Mare Championship parade.

### Breeding of 2013 Champion Mare

HHS Inspiration (ISH) – 2010 grey mare by OBOS Quality 004 (OLD) out of Inspiration (ISH) by Balboa (TB). Bred and owned by Marion Hughes, Graigue, Cuffesgrange, Co. Kilkenny.

Marion Hughes and her winning mare HHS Inspiration (ISH) receiving her award from HSI Chairman Dr Pat Wall (centre) and HSI Breeding Sub Board Chairman Jim Beecher.

## National Horse Sport Arena

**M**inister for Transport, Tourism and Sport, Leo Varadkar, officially opened the National Horse Sport Arena at the National Sports Campus in Blanchardstown on 9th October 2013.

### World-class facilities

The magnificent new arena has been established within the Walled Garden of Abbotstown House, a protected structure. It will give Irish equestrian athletes access to world-class facilities which have been developed in accordance with the High Performance training needs of equestrian riders, and under the technical guidance of Horse Sport Ireland (HSI) and its Affiliate Bodies.

The National Horse Sport Arena is the first publicly owned facility of its kind in Ireland and it will be managed by the Operations Company of the National Sports Campus. It will be available on a 'community commercial' basis to those who are aspiring for success in international competition.

Performing the opening of the National Horse Sport Arena, Minister Varadkar said:

"This is the next major milestone in the development of the National Sports Campus. The National Horse Sport Arena is the first public facility of its kind in Ireland and will provide world-class facilities for 25 different equestrian sports."

HSI Chairman, Professor Patrick Wall, said the new National Horse Sport Arena was an exciting develop-

Minister for Transport, Tourism & Sport, Leo Varadkar TD, opened the National Horse Sport Arena at the National Sports Campus in Blanchardstown on 9th October. The Minister is pictured with HSI Chairman Prof. Pat Wall (centre) and NSCDA Chairman Sean Benton.

ment for equestrian sport, stating:

"This new facility will be extremely helpful in providing a world-class surface for our top rider/horse partnerships to train on. In addition, it will be great for our riders, who are also athletes, to have the opportunity to avail of all the other facilities in the Irish Institute of Sport on the National Sports Campus, and to have the oppor-

tunity to use the coaching and rehabilitation services available to the other human athletes."

### Team Ireland Equestrian 2014

The National Horse Sport Arena is the main base for Team Ireland Equestrian training in 2014. With 10 stables on site, athletes can now rest their horses before or after training as needed.

## Irish Horse TV

Horse Sport Ireland is a founding partner of Irish Horse TV along with Horse Racing Ireland. Irish Horse TV is the first ever online TV station dedicated to all things equestrian. Check it out at [www.irishhorse.tv](http://www.irishhorse.tv)

### Over 50,000 views

Launched in February 2013, Irish Horse TV is now up and running just over a year and its popularity is growing all the time. Online viewing figures have increased from 38,000 in March 2013 to 51,000 in January 2014. Over 650 programmes have been made to date. Irish Horse TV has over 21,000 Facebook likes.

Irish Horse TV has interviewed many equestrian enthusiasts including

breeders, owners, riders and equestrian volunteers. The station has covered many equestrian shows and events including: Ballindenisk Horse Trials, Tattersalls Horse Trials, The Premier Series, The Bannow & Rathangan Agricultural Show, The Pony Club Championships, The David Foster Ball

and many, many more. All interviews and highlights programmes can be found by searching for the relevant interviewees by name on [www.irishhorse.tv](http://www.irishhorse.tv)

### Access anywhere, anytime

This highly accessible web channel allows equestrian enthusiasts to catch up on news and events from all over Ireland. Irish Horse TV can be watched on computers, laptops, tablets and mobile phones from anywhere in the world.
