

IRISH DRAUGHT HORSE STUDBOOK MARE SELECTIONS

These mare selections will offer owners an evaluation of their breeding stock. Irish Draught Horse mares of 3 years old or older are invited for Selection where they will be assessed on their pedigree, conformation and movement. A veterinary examination will be carried out on the mares. The owners of mares that are classified as 'RID' or 'AID' in the Irish Draught Horse Studbook in Ireland are also invited to have their mares linear profiled. A linear profile will be completed to provide owners with a detailed description of their mare's strengths and weaknesses which will be invaluable when making future breeding decisions. A merit system will provide additional merits for mares that meet the veterinary and Selection requirements. Mares that meet the requirements of the Selection will be classified in CLASS 1 and those mares which achieve average scores of 80 or higher for conformation and movement will be awarded an additional 'Bronze' merit in 'Conformation and Movement'. Mares may have their athleticism assessed by means of a loose jumping demonstration. Mares that achieve a score of 70 or higher in their athleticism demonstration may receive a 'Bronze' merit in 'Athleticism'. These merits will assist mare owners with demonstrating the added value of their mare when selling them or their progeny.

SELECTION APPEALS PROCEDURES

Mare Selection Appeal:

Owners who are not satisfied with the results of the mare Selection will be given the opportunity to re-present the mare on one occasion for a repeat Selection at the next available Selection date.

Owners that do not wish to re-present the mare for a repeat Selection and owners who are not satisfied with the results of the repeat Selection can make a formal Appeal to Horse Sport Ireland and will have their horses assessed by a different panel of inspectors.

The decision of the Appeal Panel shall be final.

Veterinary Examination Appeal:

Owners of mares that do not meet the requirements at the veterinary examination can appeal the results of the examination providing they apply to Horse Sport Ireland to have a veterinary examination as required, carried out by the University Veterinary Hospital, Dublin within one month of the results of the Selection.

In exceptional circumstances the studbook veterinary advisor may permit the mare(s) to attend a Horse Sport Ireland designated clinic, which is not the owner/mare's own vet. These requests must be made in writing and will be assessed on a case-by-case basis.

The examination will only be carried out in respect of the condition for which the mare was failed at the initial Selection and the cost of the examination must be borne by the owner of the mare.
