Section 5 - Specific Selection Criteria

Core Objective:

This nomination policy combines both competition and general criteria in order for the Eventing High Performance Director to select the IRL eventing athletes to compete at the CH-M-C. The Eventing Performance Director's primary objective is to nominate the appropriate 'mix of combinations' to give Ireland the best chance of a **top 7 finish** at the CH-M-C

- 5.1 In assessing the performances of Combinations, the EHPD will consider the following competition & general measures.

(A) Competition Measures

- i. The EHPD will primarily consider competition results achieved in the top 25% at CCI 5*- L, CCI4*- L, CCI4*- S during 2019, 2020, 2021 and 2022. In order to maximise nomination chances, combinations should be aiming to achieve at least one result at 4* International level or above of 70% or better in the dressage, zero show jumping penalties, and clear cross country with no more than 8-time penalties (or no more than 20 seconds slower than the fastest horse in the class);
- ii. The final score (across all three phases of the eventing discipline) in each event mentioned above in (i) and (ii);
- iii. The scores achieved in each individual phase in each event mentioned above in (i) and (ii); and
- iv. The final placing of the Combination in each event mentioned above in (i) and (ii); (note that the score and the placing of each Combination will be considered but do not automatically position one Combination above another for selection purposes).

- 5.2 Athletes have the option to further maximize their chances of selection by competing at any of the following events:

- Saumur CCI4*L
- Badminton CCI5*L
- Millstreet CCI4*L/S
- Bramham CCI4*L/U25 4*L/4*S
- Luhmulhen CCI5*L/4*S

- 5.3.1 The EHPD will consider statistical data available in respect of athlete performances.

(B) General Considerations

- i. The soundness of the horse to meet the challenges of competing and travelling to the CH-M-C will be a significant factor in any selection decision. Athletes must keep the Team Veterinarian fully briefed on any health or soundness issues the horse may have both historically and throughout the season.
- ii. Athletes are required to disclose any illness or injury (however minor) to the EHPD and Team Veterinarian. Where it becomes apparent that a selected horse is unsound or unfit to travel or that there was a non-disclosure relating to soundness, following consultation with the team veterinarian, the EHPD reserves the right to remove that combination from selection with immediate effect.
- iii. The health and fitness of the athlete to meet the challenges of competing and travelling to the CH-M-C will be a factor in any selection decision.

- iv. Further consideration will be given to the following general measures:
 - a. Past performances and present form of the athlete and horse as a combination and an athlete or horse's historic form;
 - b. The suitability of the Combination with regard to the likely characteristics of the arenas in SUI and for the expected conditions of the CH-M-C (taking into account the objective of the team competition);
 - c. the ability of the Athlete and his/her support personnel to operate and perform in an Championship environment which is highly regulated and pressurised;
 - d. the ability of the Athlete and/or support team to contribute towards an effective team and winning orientated environment;
 - e. the overall composition of the team;
 - f. the ability and experience of the Combination to compete successfully at the highest level of international competition;
 - g. demonstrated experience and/ or success at Championship level;
 - h. the ability, or potential ability, of a Horse and/or Athlete to perform under the stress and pressure of an CH-M-C.
 - i. the ability of the Athlete to prepare their Horse to peak condition for a major campaign, such as the CH-M-C.
 - j. consistency of performance and the likelihood of a suitable performance to contribute towards a podium outcome;
 - k. exceptional ability of a Combination (and the potential to achieve a podium finish) may be a consideration and may, in the EHPD's sole discretion, place a Combination with less experience or consistency ahead of another Combination
 - l. degree of commitment to the Horse Sport Ireland Eventing High Performance (HP) Programme.
