

HORSE NAME CHANGES GUIDELINES

Definitions

Horse Birth Name:

1. The name of the horse in the document issued at horse birth
2. If (1.) is not applicable, the name of the horse in the first birth studbook document
3. If the horse is not affiliated with any studbook, the name of the horse is based on the name written in the first document issued (either national passport / first original document, or FEI recognised document or FEI Passport)

The Horse Birth Name must remain the same for the entire life of the horse in the FEI Database and/or FEI Document.

Horse Name Change:

Any modification/change to the current name of the horse or the creation of a different current name than the Horse Birth Name.

Documents uploaded to the FEI Database will be used for verification. In the case that there is no document available on the FEI Database for a horse, the FEI can request a copy of the horse's document.

In case of multiple changes on a name, the most expensive change will be taken into consideration for invoicing.
