# Embryo Transfer Scheme for High Performance Mares

Based on the success of the Embryo Transfer Scheme in 2017 Horse Sport Ireland is delighted to announce that a further €40,000 in funding has been approved by the Department of Agriculture, Food and the Marine to run the scheme again in 2018. The scheme aims to increase genetic improvement by maximising the genetic potential of Ireland's top class performance mares.

## Important points to note:

- Mares must be 3 years old or older.
- Registered in a DAFM approved studbook.
- Meet the 4\* or 5\* performance or progeny/half sibling performance requirements. Supporting documentation of performance **must** be submitted as part of the application.
- Semen used for the embryo transfers must be from stallions which are Approved in a WBFSH studbook or a pony studbook approved by DAFM.

## Key dates:

- The embryo transfer must take place at a designated clinic after the 1st April 2018.
- An application for up to 4 embryos per owner must be submitted before the 31st August 2018. A payment of €600 per embryo will be payable to the owner upon submission of a veterinary declaration confirming that the recipient has been scanned in foal.

Please download an ET application from the Horse Sport Ireland website:  
**[www.horsesportireland.ie](http://www.horsesportireland.ie)**  
or scan the QR code.

*"I first used ET ten years ago when I had a good showjumping mare called Ardnehue Diamond Cruiser (ISH) that I wanted to keep in competition. The resulting foal from that is the now 9yo ABC Quantum Cruise (ISH), who has just started jumping at 1.60m level. Last year my good mare foaled late and rather than skip a year with her I was contemplating doing ET but the associated costs are somewhat prohibitive. The costs include the veterinary work, sourcing the recipient mares (leasing or buying) and maintenance of the extra mares. In 2017 I was delighted to avail of the HSI Embryo Transfer Scheme which went some way to cover these costs and this year I now have a filly foal which is a full sister to the aforementioned ABC Quantum Cruise. I am a strong advocate for the ET Transfer Scheme and as my mares' younger progeny are also doing very well, I plan to avail of it again this year."*

**Pat Keogh, ABC Sport Horses**

*"I believe that the Embryo Transfer Scheme is probably the most significant initiative from HSI to support the breeding, and breeders of top-class young horses in recent years. I am delighted to have two mares who qualify for the scheme, and the grants provided per embryo makes it possible/affordable to produce multiple pregnancies from a good mare in each breeding season."*

*"From a national perspective the scheme is leading to an increase in the number of high quality foals born each year in Ireland and is simultaneously incentivising breeders to invest in top-class breeding mares who are eligible for the scheme. These two outcomes are a huge shot in the arm for Irish sport horse breeding and will hopefully lead to Ireland once more becoming a go to country for international clients to find world-class show jumpers."*

## HORSE SPORT IRELAND

**RONAN MURPHY**  
CEO Horse Sport Ireland

Approximately 130 county shows will be held in 2018, attracting in the region of 400,000 spectators, 4% of which have traditionally been from overseas. These shows reflect the diversity of our sector and I have been energised by the standard of those competing across all levels and disciplines, especially the young breeders and producers. The Economic Contribution of the Sport Horse Industry to the Irish Economy 2017 highlighted that since 2012 the involvement of young breeders ( $\leq 30$  yrs) in the sport horse industry has declined from 8.1% to 3.7% in 2016. In 2016 just 0.19% of breeders were less than 20 years of age. This year Horse Sport Ireland launched a Young Handler Championship Series to encourage more young breeders and producers to become involved in the industry as it is imperative that we continue to develop incentives for our young breeders who represent the future of our industry.

To further speed up the rate of Genetic progress in Ireland, HSI with the support of DAFM funding, have continued the Embryo Transfer Initiative. This initiative was very popular and oversubscribed in 2017 and we expect similar uptake in 2018.

The Sport Horse sector is extremely important to the Irish economy contributing over €816million in direct expenditure and providing over 14,000 jobs making an important economic, social and cultural contribution across the island of Ireland.

The Department of Agriculture commissioned Indecon Report on Horse Sport Ireland set out a number of key recommendations regarding the Governance, Structure, Database management and Funding of Horse Sport Ireland the Irish Sport Horse Industry. The Indecon Review considers whether the Sport Horse Industry is organised in a manner to best achieve the objectives in 'Reaching New Heights' and whether there is an appropriate balance between the important representative function of existing structures and the need to develop commercial business opportunities, enhance co-operation and maximise the contribution of the sector to the economy.

The Governance recommendations in the report are now substantially complete and the board restructuring is at an advanced stage with the establishment of four new advisory councils which will focus on: High Performance Sport, Sport and Recreation, Breeding and Production and Coaching, Education and Training. The Chairperson of each of these advisory councils will also sit on the new Board of Horse Sport Ireland ensuring the important links with the sector are strengthened.

I have been very encouraged by the strong engagement, support and commitment we have received from both DAFM and DTTAS throughout the implementation process and we need to continue to cooperate closely to ensure adequate funding for the sector. We also need to work closely with all our stakeholders and Affiliate organisations to develop business plans which deliver a clear return on investment in the sector.

We look forward to working with all participants in the sport horse breeding industry and supporting an operating framework to facilitate the delivery of the full potential of this vitally important sector.

## Success at the European Youth Showjumping Championships

By MICHAEL SLAVIN

The European Youth Showjumping Championships are a good bellwether of where we stand in terms of Irish Sport Horse breeding. They show if we are getting it right. This was the case back in the 1970's when two great mares bred in the 60's were kept in the country to produce two Championship wins for us. Jimmy Flynn's great *Heather Honey* (ISH) did it for Brian McMahon at Brussels in 1976 while *Marcella* (ISH) delivered our first ever individual title for James Kernan in 1974 at Lucerne. It is utterly fitting that James should be our Chef d'équipe at this year's Longines FEI European Championships for Children, Juniors and Young Riders at Fontainebleau where Ireland won two individual Golds, plus Silver and Bronze team medals. "It was a great week for the Irish as we showed our true talent," James says.

And the true joy of it is that 9 of the 15 horses selected for our three squads were Irish Sport Horses. These mounts

were the result of informed selection decisions made by our breeders all around the country during the first decade of the new millennium when a return to performance-based coverings was truly taking hold here.

### GOLD MEDAL

Our first Gold medal at this year's Championships came in the Children on Horses section as County Clare's Rhys Williams took that Championship with five clear rounds on the 11 year-old gelding *CES Cruson* (ISH). This one is owned and bred by John and Marie Burke of the Clare Equestrian Centre. "We are over the moon," says John of *Cruson's* success and he also gives great credit to his wife Marie (nee White) who travelled to the Championships with the horse that she knows so well. She of course competed both his sire *Chippison* (ISH) and grand dam *Chipmount* (ISH) that was bred by the Burke's neighbour Willie Boland. *Cruson's* dam *Clareequest Cruisly* (ISH)

by *Cruising* (ISH) [TIH] was bred by another Clare man Michael Barry.

### SECOND GOLD

Another golden moment at the Championships came when County Carlow's Jason Byrne took the Junior title on Martin Egan's *Castlefield Vegas* (ISH). This ended a 42 year drought since Brian McMahon's 1976 victory. Still a young eight year-old, Vegas was bred in Stradone by the very knowledgeable John Clarke. By the Belgian Warmblood *Cassino*, he is out of Clarke's *Quiet Optimistic* (ISH) by Tom Meagher's Kedrah House Stud's *Lux Z*.

In fact, John notes that he bought the dam as a three year-old from Tom. "I liked the fact that her sire *Cassino* by *Casini I* was an easy ride and that convinced me to buy her." She has bred five foals for John. At the moment she

has a foal at foot by Going Global's sire *Quidam Junior* (ISH) and is in foal to Drumhowan Stud's Darco stallion *Equis Powerfree*. *Castlefield Vegas* (ISH) was also campaigned by Ger O'Neil and was the 2017 overall winner of the 7yo ISH League.

## CLOSE FOR KATE

Coming very close to taking another Junior Championship medal in fourth was Kate Derwin of Athlone on the 9 year-old stallion *AHG Whiterock Cruise Down* (ISH). He is by *Cruising's Micky Finn* (ISH) [TIH] out of *Whiterock Touch* (ISH) by James Kernan's Olympic horse *Touchdown* (ISH). His breeder is Ann Gannon Clancy of Longford, who keeps six mares. One of her products *Lucky Lady* (ISH) by VDL Douglas out of a *Cruising* mare is jumping Grand Prix in England at the moment. *Whiterock Touch* (ISH) is in foal to Kannan, who is the sire of Bertram Allen's Dublin Grand Prix winner *Molly Molone*. Ann also has a two year-old and a four year-old out of the same dam.

Donaghty out of a *Cruising* dam. He was a winner for Cian at Barnadown and for Damien Griffin at Millstreet.

## SILVER FOR CHILDREN ON HORSES

In addition to Rhys Williams brilliant Gold on *CES Cruson* (ISH) there were two more Irish

## JUNIOR TEAM BRONZE

Kate Derwin and *AHG Whiterock Cruise Down* (ISH) jumped two good clears to help Ireland to Junior Championship Team Bronze. On that side she was joined by Gold medal winner Jason Foley, Jack Ryan and Harry Allen. Cian Harrison also competed as an individual. Of that group four were on Irish breds. We have already noted *Castlefield Vegas* (ISH) and *AHG Whiterock Cruise Down* (ISH). Jack Ryan was on the 11 year-old mare *Cavalier Tecca* (ISH) by the Irish draught *Glidawn Diamond* (ID) and out of *Teaca* (ISH) by *Cavalier Royale*. She was bred by Barry Kiernan in Moyne, County Longford. Cian Harrison had *Tabby* (ISH) [TIH] by *Captain Clover* (ISH) [TIH] that previously gave us a Lanaken Young Horse Champion. This 13 year-old gelding was bred by Pam

breeds that helped Ireland win the European Children on Horses Silver medal. Isobel Hughes Kennedy rode *ESI Carvalho* (ISH) by *Padinus* out of a *Quidam Junior* (ISH) dam. This nine year-old was bred at Ennisnag Stud by Mary Hughes of the famous Kilkenny Hughes family. Also on the side was Sarah Fitzgerald with *Master Holiday* (ISH) [TIH] by *Puissance* (ISH) [TIH] out of a *Candle King* (ISH) [TIH] dam bred by John McDonald of Clogh County Kilkenny. Lucy Morton and Ciaran Foley were also on that selection.

## TWO YOUNG RIDER HORSES

On the Young Rider side there were also two Irish Sport Horses. Lucinda Roche had a son of *Cruising* out of a *Darco* dam *WCE Falco* (ISH) that Shane Connelly bred in Tuam. He has seven international classes to his credit for Lucinda. Also on that side was Jonathan Smyth with *Mulvin Lui* (ISH). This gelding is by Billy Twomey's former team horse *Luidam* and out of a mare by the *Selle Francaise* sire *Baron de Chantepie*. He was bred by Vincent Loftus of Broadford, County Kildare.

## TURNING THE CORNER

All of the above achievement makes one begin to think that we Irish have turned a corner in terms of breeding show jumpers for world competition. The hope is that we will continue to breed our own to be jumped by our own for Ireland. As James Kernan says, this will show our true talent.

## COACH PROFILE

**B**ased in Barnadown, Co. Wexford, HSI Level 2 Coach Steven Smith has quite the CV, competing and producing both show jumpers and eventers. Steven arrived in Wexford to work for Maurice Cousins at just seventeen years old and has since developed his own business based alongside Maurice at Barnadown. In recent years, Steven has concentrated on producing top quality young horses with his partner Sophie Richards. Between them, Steven and Sophie have enjoyed great success and both of their names are a regular sight in the result listings in national and international competitions across both disciplines. With wins too numerous to mention in national young horse classes and national Grand Prix, Steven has also been successful at international 5\* level. Show jumping was his first love but in 2010 Steven turned his attention to eventing, and he went on to represent Ireland at two consecutive young horse world Championships.

# Horse Sport Ireland Coaching Programme

*Steven Smith riding Hybernica (ISH) [TIH] - a 2010 gelding by Flexible (ISH) [TIH] and out of Ballinakill Clover (ID), competing at Lanaken in 2017. Bred by Noel Cawley, Co. Kildare.*

Steven took the first step on the ladder of the HSI Coaching Programme in 2010. Following successful completion of his HSI Level 1 Apprentice Coach qualification, Steven went on to participate in the HSI Level 2 Coach course in 2016. "The course is tough, it's a huge investment of time and effort and I had to make some significant sacrifices that year to complete the requirements. Having said all that, I found the course really beneficial and it's a great asset to have for the future."

Steven is adamant that the journey through the HSI Coaching Programme has had a positive effect on way he produces his young horses by teaching him to be really accurate when building gymnastic exercises, grids and doing canter pole work. "I liked that there were plenty of days available with the course to learn and improve. The tutors were always available, approachable and willing to give advice. The assessment

system is challenging, but I believe it needs to be to maintain standards. Some of the best professionals from the UK came over to assess us; it shows the reputation the programme has." However, he feels that the education system within the sector needs some changes to cater for the needs of everyone. "I would be confident that I could help and improve most horses and riders at this stage, but that knowledge is earned through years of experience. There are coaches out there who have massive experience, but are not academic and we need to ensure they are encouraged and assisted through the system. These are the coaches who will be the most valuable to the industry."

Steven has competed at the World Championships for Young Horses in both show jumping and eventing at Lanaken, Belgium and at Le Lion D'Angers, France respectively on several occasions. One of the achievements Steven is most proud

of was coaching Sophie and SRS Adventure (ISH) to win a bronze medal at Le Lion D'Angers in 2015. Only last year between Sophie and himself they took four horses to Lanaken. He speaks very highly of both events and believes the experience is so valuable for a young horse. "You can't get experience like that for a young horse in Ireland. For example, Lanaken – it's just unreal, the number of spectators, the close proximity of the crowd and the atmosphere is just unbeatable."

Steven hopes to go on and complete his Level 3 Coaching qualification in both jumping and eventing. He expresses a keen interest in working with High Performance Teams or with riders preparing for Young Horse Championship in the future. "I have a lot of experience at both Lanaken and Le Lion D'Angers and I know what is expected of a combination at both places. I feel that I could be of a real help in the competition preparation at either venue."

Steven believes the competition circuit for young horses in Ireland is tough and believes it's important for owners and riders to be selective about where and how often they compete. "With the wide selection of young horse classes available here, it's easy to get caught up in the hype and want to jump your good ones in everything. It's important to remember from a selling perspective that a lot of clients are happy if a horse hasn't yet competed in their age group. The majority are looking for a good type, rideability and solid basic training, as well as enough experience but not over done. The good ones will always catch up and some mature quicker than others, both physically and mentally." When asked for his opinion on coaching and producing horses through the grades he had this advice: "Find a system that suits horse and rider, have the confidence and patience not to deviate. If you have the right system and patience, you will always achieve your goals."

# Performance Classes

## A Shop Window for the All-Round Machine

If you were to compare horse breeds to their mechanised replacements, then the Irish Draught is an equine 'Land Rover': a reliable, all-terrain legend. Add in the fact that Irish Draughts are low-maintenance and intelligent and you see why performance classes are the ideal shop window for this breed.

BY  
**SUSAN FINNERTY**

The grassroots leisure and amateur market is huge, yet in this 'time-poor' era, owners are looking for low-maintenance horses. And again this is a forte of the Irish Draught, as Eileen Brennan, that doyenne of the breed summarised the native breed, saying: "The Irish Draught is an armchair to ride, you don't have to ride them every day to keep them fit and they pick up from where you left off schooling yesterday."

A perfect riding club horse too, the Horse Sport Ireland-sponsored native breed classes at the Association of Irish Riding Club (AIRC) Festival are always well supported and this year was no exception. Winning the Irish Draught performance class at the Festival's new home at Mullingar Equestrian Centre was Boyneside member Jane Richardson on board *Bright Like A Diamond*.

Coincidentally, the same horse was

the reserve champion Irish Draught performance champion at the RDS three years ago. Competing in Dublin is still the dream of many and the Irish Draught performance classes have proved a popular addition to the Horse Show Week programme since 2011.

Nationwide qualifiers are keenly-contested by owners either looking to showcase stallions, sell a youngster or compete with a family favourite. Amongst the versatile all-rounders to have competed in the 2016 final is Dominic Furnell's *Ballycahane Silver Vixen*, third that year.

By the former Dublin stallion champion *Gurraun Zidane*, she competed at one-star level in her eventing career with one run at CNC\*\* at Kilmanahan, (where she placed sixth). Retired to stud in 2017, she produced a traditional-cross filly this year by the thoroughbred sire, *Pointilliste*.

Her grandsire *Crosstown Dancer* and another Class 1 stallion in *Welcome Flagmount* were two pure-bred Irish Draughts to have competed at the World Breeding Federation for Sport Horses (WBFSH) show jumping finals at Lanaken in their own performance days.

They, plus the Grade A show jumping stallions *Grange Bouncer* and *Gortfree Hero*, have produced several Draught performance champions at Dublin, including Clare Lambert's *Gold Dancer* (2013), her sister Ann's *Killinick Bouncer* (2015), Alicia Devlin-Byrne's *King Flagmount* (2016) and defending champion, Sean Barker's *Gortfree Lakeside Lad* (2017).

*Gortfree Lakeside Lad* also scooped the Top Irish Draught Horse accolade at last year's Horse Sport Ireland breeder's awards. Not only for his Dublin championship win with Linda Murphy aboard back in August, but he followed up at the IDHS (GB) National Show, held at Arena UK. There, he was the open working hunter and supreme ridden champion with Brian Murphy.

The homebred was also the reserve supreme champion at the IDHBA national show in Punchestown, where he won the Irish Draught performance final, sponsored by Irish Horse Gateway [www.irishhorsegateway.ie](http://www.irishhorsegateway.ie). The first four legs of the Irish Sport Horse Studbook Young Horse Eventing series took place at Rosanna on the 20th May, Killossery on the 9th June, Ballindenisk on the 15th July and Vestry Lodge on the 4th of August. As in previous years, the four year old series will consist of four legs with scores from all legs to count in the league. The five and six year old series will consist of six legs with all legs to count in the league. In addition, the 5 & 6 year old pony class will be a one-off class at the National Championships. The aim of the ISH Young Horse Series, is to assist the production of young event horses and ponies within the country, to add value and to aid in their progression to 3\* and 4\* eventing. With two competitions remaining there will be an exciting finish to the league.

## DATES AND VENUES FOR THE REMAINDER OF THE SERIES

DATE	VENUE	6 YEAR OLD	5 YEAR OLD	4 YEAR OLD	5&6 YEAR OLD
<b>19 August</b>	Tattersalls	Yes	Yes	Yes	–
<b>8-9 September</b>	National Championships at Kilguilkey House	Yes	Yes	Yes	Yes

*I think the HSI young horse league gives riders/producers a great platform from which to showcase their talented young horses in the correct manner of eventing as well as their ability to produce quality young horses which may lead to more lovely Irish Sport Horses being kept and produced in Ireland. I personally get a great thrill out of the tiny achievements each day with a young horse and for my little horse to go out and be in the ribbons is such a bonus to produce another consistent horse from the start, with a little bit of luck he may even follow in my old boys footsteps #mrconsistent.*

# 3 & 4 YEAR OLD FILLY LOOSE JUMPING CHAMPIONSHIPS

Following the success of last year's Championships Horse Sport Ireland is delighted to announce that the 3 & 4 Year Old Filly Loose Jumping Championships will take place again in the Autumn/Winter of 2018. For the first time these Championships will include classes for 3 & 4 year old ponies. The competitions will take place in Cavan Equestrian Centre and in Warrington Top Flight Equestrian Centre. The Championships are open to any 3 & 4 year old horse or pony filly that is registered in a WBFSH/EU Studbook.

DATE	VENUE
30th November	Cavan Equestrian Centre, Co. Cavan
3rd December	Warrington Topflight Equestrian Centre, Co. Kilkenny

A prize fund of €18,000 is available for these Championships with €12,000 being awarded for horses and a further €6,000 being awarded to ponies.

# HSI AUTUMN MARE SELECTIONS 2018

Irish Sport Horse and Irish Draught Horse mare selections have a closing date of **Monday 13th August 2018** for the receipt of applications.

Selection will take place	VENUE
21st August	Tubberbride Stables, Co. Sligo
22nd/23rd August	Creagh Equestrian Centre, Co. Galway
27th August	Warrington Topflight Equestrian Centre, Co. Kilkenny
30th August	Ballybrack Equestrian Centre, Co. Cork
4th September	Ravensdale Equestrian Centre, Co. Louth

**Note:** Horse Sport Ireland is running a number of dates and venues for mare selections in Autumn 2018. Every effort will be made to accommodate entries at their desired venue, however this cannot be guaranteed.

Venues and dates are **PROVISIONAL**, dependent on sufficient entries and may be **subject to change**.

# Connemara Ponies excel at the AIRC Riding Clubs Festival

The AIRC Riding Clubs Festival took place on June 9th and 10th at Mullingar Equestrian Centre. Horse Sport Ireland was the title sponsor for the showing classes at the festival. The breed classes for both Connemara Ponies and Irish Draughts saw a large number of entries in both the ridden and performance classes.

The ridden Irish Draught Champion was *Fred Showtime* (ID) a 2013 gelding by *Fintan Himself* (IDC1) and out of *Diamond Anne* (RID) by *Sir Rivie* (IDC1). Bred by Donal Reilly Co. Cavan and ridden by owner Louise Kavanagh of Drynam Riding Club this gelding will travel to the Dublin Horse Show later this summer to compete in the Sportsman class.

The ridden Connemara Pony *Abbeyside Sarkozy* (CP) by *Glencarrig Prince* (CP) and out of *Misty* (CP) by *Carraroe Handy Andy* (CP) (CP) was particularly successful at the show, taking home not only the Connemara Championship but also the Supreme Championship title in the Eddie Fowler Memorial Championship. *Abbeyside Sarkozy* continued his run of success also claiming the reserve title in the small hunter class. This 2012 gelding was bred by Tom Burke and is owned by Jerry and Aoife Obsbourn. His rider Zoe hopes that he will be a future contender for the Connemara Performance Championships.

The Connemara Performance Championship was won by Jane Berry's *Killegar Mist* (CP) by *Ashfield Storm Cloud* (CP) and out of *Rathmore Mist* (CP) by *Commanding Hero* (CP). The 2007 gelding wned by Alan Marks and ridden by daughter Chloe Marks of Drynam Riding Club. *Killegar Mist* will also be competing in the Dublin Horse Show this year in the Ridden Connemara Class.

The Irish Draught Performance Champion was the 2010 gelding *Bright Like A Diamond* (ID) by *KEC Bluejay Diamond* (IDC1) and out of *Forest lodge*

***Abbeyside Sarkozy* (CP) winner of the Connemara Championship, Small Hunter Reserve Championship and Winner of the Eddie Fowler Memorial Championship. Ridden by Zoe Kehoe pictured with Louise Hobbs (HSI).**

*Damsel* (ID) by *Creggan Diamond* (IDC1). He was bred by Betty Byrne of Co. Waterford and owned and ridden by Jane Richardson of Boyneside Riding Club. This gelding won the 4 & 5 year old Performance Irish Draught class in the Dublin Horse Show in 2015 with his

rider Niamh Grimes, they also took home the Reserve Championship title on that occasion. He will travel to the Dublin Horse Show again this year for the 6 year old and over Performance Irish Draught class having qualified first time out at Tullyish.

HORSE SPORT IRELAND

# Pony Sponsorship 2018

**Horse Sport Ireland** is delighted to announce that €21,000 in sponsorship funding will be available specifically for ponies in 2018. This funding aims to promote the Studbook registration and production of sport ponies in Ireland.

Ponies are also eligible to compete in the **Young Handler Championships** with a total prize fund of **€25,000**.

**Register your pony for only €30 inclusive of DNA, limited time only!**

## IRISH SPORT PONY STUDBOOK

*Dirraw Caleb (ISP), competing at the Dublin Horse Show with rider Alex Finney.*

The Irish Sport Pony Studbook was launched in 2016 and is currently offering an amnesty for first time registrations. You can avail of this offer for €30 inclusive of DNA for a limited time only.

If you do not know the sire and/or dam of your pony you will need to contact Weatherbys directly and additional costs may occur.

To receive a DNA kit contact our registrations department on **045 854 500** or [info@horsesportireland.ie](mailto:info@horsesportireland.ie) and please give details of the sire and dam of the pony you wish to register. They will arrange for a DNA kit to be sent to you.

# HSI Sport Horse and Sport Pony Foal Championships for 2018

The Horse Sport Ireland Foal Championships have a total prize fund of almost €40,000, including this year an inaugural section for ponies with a prize fund of €10,000. The prize fund for the horse section will be almost €30,000. The aim is to identify, evaluate and reward breeders who have bred a foal that has the potential to be competitive at the highest International level in the disciplines of showjumping or eventing.

The qualifier prize fund for the horse section will be €3,000 where 4 foals will be selected for the final; the best show jumping type colt and filly, and the best eventing type colt and filly. This year there will also be a prize for the best traditionally-bred foal. The ponies have a qualifier prize fund of €1,400 and also have showjumping and eventing sections.

At the final in Cavan Equestrian Centre on Friday 19th October

## CRITERIA FOR ENTRY

- For the horse section, foals must be registered in a studbook that is a full member of the WBFSh (pending DNA where this can be verified by the studbook is acceptable) and should be shown with their dams where possible.
- For the pony section foals must be registered originally in a EU approved studbook) and should be shown with their dams where possible.
- For the inaugural year pony section foals are permitted to enter more than one regional qualifier, but once qualified for the final cannot compete again.
- Foals must be entered in either the Showjumping Section or the Eventing Section. They cannot compete in both sections.
- The dam's passport should be available on the day for inspection. For the pony section the dam may be measured.
- All foals must be a minimum of 6 weeks old to compete at the Final.
- All foals must be named in order to compete in the Final.

## PEDIGREE POINTS

Horse Sport Ireland will need completed entries in order to analyse the submitted application for pedigree points. Please note: Only pedigree and performance information supplied by the entrant will be included in assessment of the damline pedigree score. The onus is on the entrant to supply full performance details for the damline (dam, maternal granddam or maternal great granddam) to HSI. Only the information when verified will be included in the calculations of the pedigree score for the qualifiers.

# Young Event Horse Series Continues to Grow in Popularity

*Shirsheen Fun Time (ISH), competing at the Rincoola 4 year old qualifier with rider Linda Murphy.*  
Photo: Ian Heslin.

The Young Event Horse Series qualifiers came to an end in Rincoola, Co. Longford on Tuesday 26th June. A total of 40 horses qualified in the 4 and 5 age categories during the 4 qualifiers to book their tickets for the Dublin Horse Show in August. The qualifiers were held in Scarteen, Forth Mountain, Tullylish and Rincoola. An average of 87 Irish bred horses came out to compete at each qualifier.

**Organiser Harold McGahern said:** "It goes from strength to strength, year on year, but its enduring legacy is the improving standard of production of Irish bred horses on home soil. Great credit is due to the venue hosts who provide their unique test grounds. HSI and the IHB, to their credit,

recognises the merit of this concept from the concept until now. Both this year and last year the videoing of the YES qualifiers has been a tremendous boost to all involved. Competitors can showcase their horses. Customers can see what they want for themselves and everyone can see the unique detail of the simple questions asked."

**Ita McDermott, Winner of the 4 year old league said:** "I found the YES league very beneficial for myself and the horse. The courses were great to bring on the young horses, very educational with plenty to see, yet encouraging. The league is a great incentive for people to produce their young horses that step further with HSI rewarding the breeder also."

The league placings from the four qualifiers are as follows:

# HSI Launches Exciting New Championship Series for Young Handlers

(L:R) Senior YH Qualifier: 2nd Chloe Marks & 1st Jane Hennigan at Flavours of Fingal. Photo: Alison Corbally.

**H**orse Sport Ireland is delighted to sponsor the inaugural Young Handler Championship Series for 2018, with a total prize fund of €25,000. The aim of this Championship is to assist in the development of the skills of young handlers to prepare and present horses for show and sale.

The Economic Contribution of the Sport Horse Industry to the Irish Economy 2017 highlighted that since 2012 the involvement of young breeders ( $\leq 30$  yrs) in the sport horse

industry has declined from 8.1% to 3.7% in 2016. In 2016 just 0.19% of breeders were less than 20 years of age. The Championship is aimed at encouraging more young breeders/producers to become involved in the industry. It will also provide a unique opportunity for young handlers that are new to the industry to become involved in breeding initiatives and to gain contact and information/education and encourage long term involvement in the breeding industry.

To date three qualifiers of five have taken place at Flavours of Fingal on the 23rd of June, at Dunmanway on the 1st of July and at Adamstown on the 7th of July. From these competitive classes 18 young handlers (9 juniors and 9 seniors) have now qualified for the final which is to be held at the National Ploughing Championships on the 18th of September. A further two qualifiers are yet to take place, from which a further 12 young handlers will qualify for the final.

## Two Qualifiers are still to take place:

I heard about the Young Handler Championship series through a friend. I think it's a great idea as it will help to raise standards and encourage people to get out competing. I bought my pony King Boy as an unbroken 3 year old at the Clifden sales. He has since placed 3rd in the Ridden Connemara Class as a 4 year old at the RDS. He has also qualified for the side saddle class at the RDS for the last 3 years and was Reserve Side Saddle Champion in 2017

**Ciara Mullen,**  
Winner of the Junior Category  
at Flavours of Fingal

Dumanway has been running a young handler class the past few years which I have entered each year with a full brother to my horse this year. So this year's show came around and as always I entered. With H.S.I. being the main sponsors it was another encouragement to go for it with Haven Blackjack. We were delighted with our win but it took lots of practice as the triangle was a new one for us. With the boost from the win we are aiming him for Dublin with the hope of another good result. Following that we will be preparing for the final of the young handler.

**Deirdre Burchill,**  
Winner of the Junior Category  
at Dunmanway

I am actively involved with the Horse Sport Ireland Young Breeders programme, I competed in Canada in 2017 and I attend all the training. I am hoping to qualify again for Austria in 2019. I heard about the class through attending the Young Breeders and also saw it advertised on Facebook. I am interested in all the Young breeders' competitions as I have just started breeding and hope to become an avid breeder in the future

**Amy Finn,**  
Winner of the Senior Category  
at Adamstown

## THE FINAL IS TO TAKE PLACE AT THE NATIONAL PLOUGHING CHAMPIONSHIPS ON 18th SEPTEMBER 2018

# Warmblood Fragile Foal Syndrome

## BACKGROUND

In spring of 2012 a Westphalian filly foal was born in the United States. The foal was born via assisted delivery due to poor presentation. Once delivered it was discovered that she had open abdomen and sores similar to that seen in Quarter Horses with Hereditary Equine Regional Dermal Asthenia (HERDA).

HERDA is part of the Ehlers-Danlos-like syndrome family, a family of syndromes that affect the connective tissues resulting in very brittle, weak skin and loose joints. These syndromes have been seen in several species including humans and horses.

HERDA is a well-established disease in the Quarter Horse population, however, several cases with similar clinical symptoms have also been observed in other breeds such as Warmbloods and Arabians. The mutations in these breeds appear to be different to that of horses with HERDA.

Due to the extensive nature of her wounds the filly was euthanized soon after birth. As this case was so unusual several investigations were carried out including a post-mortem and genetic testing. Genetic tests showed that the filly did not have HERDA. However in 2012 a genetic test for a newly discovered genetic mutation called Warmblood Fragile Foal Syndrome (WFFS) became commercially available. This filly tested positive for WFFS which is a fatal genetic mutation of the PLOD1 gene that occurs predominantly in Warmblood horses.

WFFS is an important condition as it proves to be fatal in 100% of cases - as the foal will either die naturally or be euthanized shortly after birth due to the severity of the symptoms. Since this 2012 case further Warmblood foals have tested positive for the condition. Early estimations indicate that the incidence of carriers in the Warmblood population is approximately 6 - 11%

## INHERITANCE OF WFFS

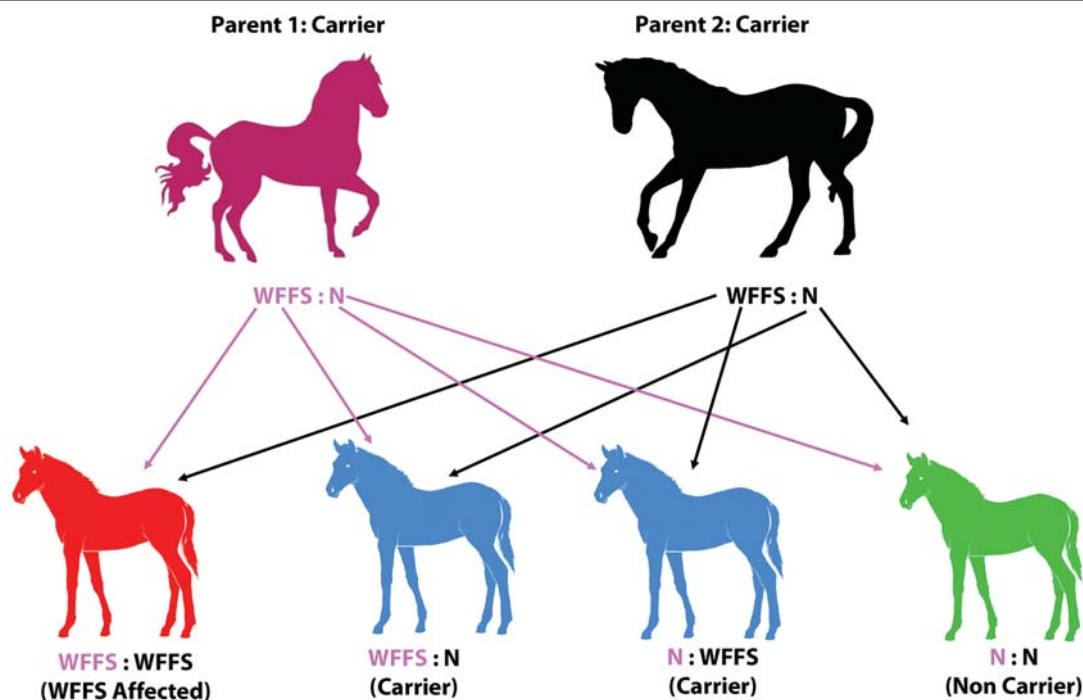

Further investigations into this newly described condition have showed that it is autosomal recessive meaning that both parents must pass on the defective gene in order for the foal to contract the condition. If only one parent passes on the gene then the foal will remain healthy but will be a carrier for the disease. Importantly carriers will pass on a copy of the defective gene to their offspring 50% of the time. If breeding two carriers the foal has a 25% chance of being affected and a 50% chance of being a carrier (Figure 1).

If only one parent is a carrier then none of the foals from this breeding pair will be affected by the condition, however 50% of the offspring would be carriers and would have the potential to pass on the disease to the next generation (Figure 2).

Since this 2012 case there has been a lot of media attention regarding this condition and the implications for responsible breeding.

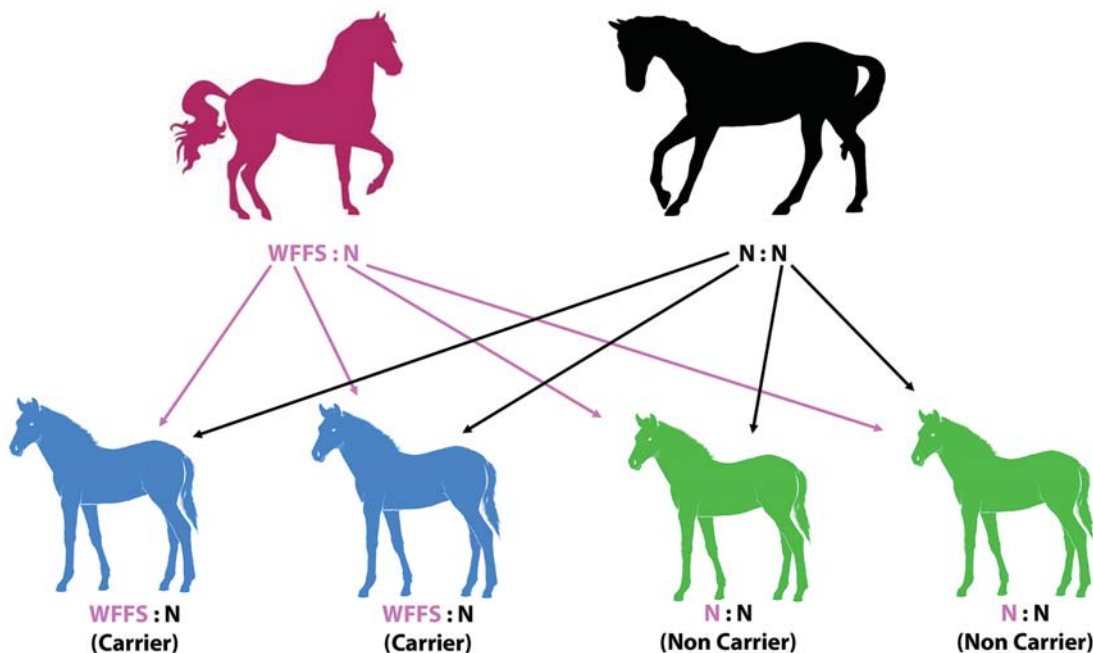

**Figure 1:**

carriers.

Parent 2: Non Carrier

**Figure 2:** Inheritance

Mutation if one  
parent is a carrier.

WBFSH is currently examining the available information and is awaiting the results of further research. They recently released the following statement which HSI supports:

*"The WBFSH believes that there is no need for immediate panic. However, every foal lost has a significant impact, either emotional, financial or both, on the breeder and the mare. Therefore, the President of the WBFSH considers it a priority that more information becomes available through research and collection of accurate statistics, in order to obtain a clear picture of the impact or potential impact this disease may have on the warmblood breeding industry. Current statistics may not be accurate due unknowingly to undiagnosed cases of affected foals born or pregnancies aborted. During the next WBFSH General Assembly, taking place in Hungary in December 2018, horse welfare will be a central theme, and genetic diseases including WFFS will be discussed as a relevant topic with respect to this".*

# 2018 Irish Draught Genetic Diversity Project

A project commissioned by the HSI Breeding Sub Board to evaluate the current status of the genetic diversity of the Irish Draught Horse breed is underway. An overview of the preliminary results are presented here, with the final report expected to be available by October 2018.

## IRISH POPULATION STATISTICS

### Foals

The ID foal crop peaked in 2009 at 1,339 foals. Following the economic down turn the number of ID foals hit a low of 439 in 2014, however since then there has been a strong recovery with 834 ID foals bred in 2017, an almost 10% increase on levels in 2016.

### Broodmares

Almost three quarters of actively breeding ID mares are breeding pure bred ID foals, with just over a quarter of the mares cross breeding into the Irish Sport Horse Studbook. The average age of actively breeding mares is 10 years, with 18% being under 6 years of age. The average number of ID foals per ID mare over her breeding career is 3.4, down from 3.9 in 2013.

### Stallions

142 different ID stallions sired the 2017 ID foal crop. The number of foals per sire ranged from 1 to 24

STUDY RESULTS - BROODMARES	
Number of ID Broodmares Breeding Purebred ID Foals	~75%
Average Age of Active Broodmares	10 years
Average Number of ID Foals per Mare	3.4

STUDY RESULTS - STALLIONS	
Number of Active ID Stallions in 2017	142
Average Foals Registered per Stallion	6
Range of ID Foals per stallion	1 to 24
Most Popular Sire of the 2017 Foal Crop	Mountain Diamond with 24
ID Stallions Used solely for Cross Breeding	32

(Mountain Diamond produced 24 ID foals in 2017) with an overall average of 6 foals per sire. An additional 32 ID stallions were used solely for cross-breeding in 2016. In the Irish Sport Horse Studbook over 500 foals were registered in 2017 by Irish Draught sires (approx. 12% of ISH foals).

### Classifications

There has been a significant increase in the breeding of uninspected stallions and mares within the breed in recent years. Of particular note, is the change in the percentage of foals whose sire and dam

have both met inspection requirements which has fallen from 89% in 2007 to 56% in 2017.

## GENETIC DIVERSITY MEASURES

### Inbreeding

The level of inbreeding and kinship values are expected to increase over time within the Irish Draught breed given that the Studbook has had very little influence from other breeds in recent generations. In Ireland, the average level of inbreeding in active broodmares is 0.98% and 1.1% in fillies. This is a slight increase from

0.92% in 2013. The rate of inbreeding is approx. 0.25% per generation, well below the threshold of 1% which is advised by the UN's Food and Agriculture Organisation for highly endangered breeds in need of pure conservation breeding programmes.

### Kinship Levels

The level of kinship between active stallions and the mare population is 3.5%. This is unchanged in recent years and shows the average relationship of active ID stallions to breeding mares active within the last 5 years and fillies up to the age of four.

## CONCLUSION

The results to date indicate that breeding policies are successfully maintaining the level of genetic diversity in the breed and that Irish Draught breeders are cognisant of maintaining genetic diversity when making breeding decisions.

The final report will include comprehensive population statistics, genetic diversity measures, information on daughter Studbooks and an analysis of the most influential bloodlines within the current ID population. The report will also provide recommendations on maintaining genetic diversity within the breed for future generations
