Selection panel summary: Castlegar Coolough has correct limbs, adequate bone and is a little weak of his back. This stallion showed sufficient Irish Draught characteristics. He has a correct active walk and a balanced trot. He has power and balance in canter. In athleticism he demonstrated good reflexes, a good front technique, opens behind and is a little hollow in the back. His scope is adequate and could improve with experience. Castlegar Coolough shows sufficient Irish Draught characteristics which should develop strongly with time, he also has benefits for genetic diversity and contribution to the herd.
