

ATTENTION FEI & AFFILIATE ATHLETES

Important Warning re usage of CBD (Cannabidiols) Products

Horse Sport Ireland has received a few queries relating to supplement guidance and in particular, CBD products for Equines.

All international & National Athletes are reminded that the use of cannabidiols (CBD) in competition will be considered a violation of the FEI Anti-Doping Rules and the HSI Anti-Doping Rules. **Cannabidiols (CBD) are categorised as a BANNED Substance.**

'Banned Substances' are substances that are deemed by the FEI & HSI to have no legitimate use in the competition horse and/or have a high potential for abuse. They are not permitted for use in the competition horse at any time.

Please refer to the FEI Prohibited Substance database. Athletes are strongly urged to review the ingredients of any supplements administered to their horses well in advance of competition.
