IRISH SPORT HORSE STUDBOOK MARE SELECTIONS

The mare selections will offer owners an evaluation of their breeding stock. Irish Sport Horse mares of 3 years old or older are invited for selection where they will be assessed on their pedigree, conformation and movement. The owners of Irish Sport Horse mares that have achieved 'Premier' or 'Elite' status in the Irish Sport Horse Studbook are also invited to have their mares linear profiled. Mares will be given the opportunity to loose jump in order to have their athleticism assessed. A veterinary examination will be carried out on all mares. Conformation and movement will be described using linear profiling, and mare owners will be given a detailed description of their mare's conformational strengths and weaknesses which will be invaluable when making future breeding decisions.

IRISH SPORT HORSE STUDBOOK MARE MERITS

Mares aged 3 years and older that have met the requirements to be classified in SELECT can have their athleticism assessed through loose jumping to receive a 'One Star' rating in 'Showjumping' if they achieve a score of 80 or higher. Mares that are classified as SELECT are eligible to receive additional merits based on the Horse Sport Ireland star rating system for mares. Star ratings will range from one star to five stars and will be based on the mare's own performance or her progeny/damline performance. This will assist mare owners with demonstrating the added value of their mare when selling them or their progeny.
