**Disclaimer:**

There is currently no central database to record the breeding and performance of horses. The information provided in this programme comes from the Irish Horse Register, Weatherby's data, data supplied by the FEI, Showjumping Ireland and Eventing Ireland. International and some national results were sourced from various bodies.

Horse Sport Ireland uses every endeavour to ensure that the information it supplies is accurate. Nevertheless, this cannot be guaranteed, principally when dealing with foreign information which is drawn from a diversity of sources and may therefore be missing or out of date for this reason. Horse Sport Ireland cannot accept responsibility for any loss, damage or other liability incurred by its customers or by third parties as a direct or indirect result of information supplied. If you have any additional information about any of the horses listed please advise Horse Sport Ireland and we will endeavour to verify and include it in the future.

**Please note that lists of progeny for dams are not complete and have been edited for space. Full performance damline information is supplied to the selection panel and is available by emailing: [genetics@horsesportireland.ie](mailto:genetics@horsesportireland.ie).**

Dear Breeder,

I wish to welcome you all to the Horse Sport Ireland (HSI) stallion selections for the Irish Sport Horse, Irish Draught Horse, and Irish Sport Pony Studbooks at Cavan Equestrian on the 23<sup>rd</sup> and 24<sup>th</sup> March 2022. I am delighted there is a welcome return of spectators to our events and hope to meet you all in person.

This year, a total of 43 stallions will be presented for selection, including 20 sport horse stallions, 22 Irish Draught stallions, and 1 pony stallion. There were some learnings from COVID- 19 show scheduling and this year we are trialing the use of allocated slots for our stallions. We hope that this will be easier on our stallions, their owners and the viewability of the event.

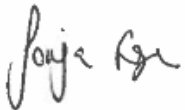

The selection will include a conformation, movement and athleticism assessment using linear profiling. Selections will begin on Wednesday the 24<sup>th</sup> of March with Irish Draughts, followed by Irish Sport horses. Additionally, there will be under- saddle (ridden) assessments of both breeds on Wednesday afternoon. On the 24<sup>th</sup> of March we will see the remainder of our Stage 1 Sport Horses selections. Finally, we will see our potential stage 2 Irish Sport Horse candidates for their under- saddle assessment on the Thursday afternoon.

This year an online stallion application system was introduced to support the streamlining and accessibility of applications to all breeders. Next year we hope to build on this by including an online payment portal. We have recently launched this online form and payments system for our upcoming spring mare selections, and I am delighted to report that so far it is working well!

The Irish Sport Horse and Irish Draught Horse spring mare inspections will be held this year at different venues throughout Ireland from 5<sup>th</sup> April to 26<sup>th</sup> of April 2022.

Finally, I would like to take this opportunity to wish all the participants in the stallion selections every success and wishing all our breeders well for the 2022 breeding season.

Yours sincerely,

---

Sonja Egan, PhD  
Interim Head of Breeding, Innovation and Programmes  
Horse Sport Ireland

# A Heros Welcome
