IF choosing option 1 all applicants are required to have an X-ray examination and veterinary examination of their stallion carried out by a veterinary practice from the above list.

Where agreed by Horse Sport Ireland, X-rays may be accepted from the relevant Veterinary College in the case of imported stallions. Please contact Horse Sport Ireland to confirm the suitability or otherwise of colleges outside of Ireland.

The radiographs must be submitted with the application for independent scrutiny by the Horse Sport Ireland Veterinary Advisory Panel prior to the selection.

In cases where the quality of the radiographs is deemed to be unsatisfactory, they will be returned and a new set of radiographs will be required.

RADIOGRAPHS MUST BE LABELLED WITH THE STALLION NAME, REGISTRATION NUMBER, DATE OF X-RAY, AND MUST IDENTIFY RIGHT OR LEFT LIMB. PHALANGES MUST BE LABELLED FORE OR HIND. THE PROJECTIONS/VIEWS MUST BE ACCURATE. THE DEFINITIONS OF BONES, JOINTS AND SOFT TISSUE OUTLINES SHOULD BE CLEARLY VISIBLE.
