Nomination and Selection Policy
FEI WBFSH World Breeding Jumping Championships for Young Horses 2023
CH-M-YH-S Lanaken, BEL
21 – 24 September 2023

At the time of publication, the FEI WBFSH World Breeding Jumping Championships for Young Horses 2023 schedule remains to be released. Details with the 2023 schedule will be updated when received by the National Federation.

SECTION I TIMELINES

1.1 The selection timelines for the CH-M-YH-S are as follows:

July/Aug 2023	The Lanaken Chef D'Equipe will formally select the combinations in the respective age categories - 5,6,7-year-olds – subject to FEI quota allocations available.
August 2023	Selected combinations will be required to complete FEI Registration immediately prior to Definite Entries.
AS per FEI Schedule	Horse Sport Ireland will submit the Definite Entries to the FEI.

SECTION II ELIGIBILITY FOR SELECTION

2.1 The FEI quota is intended for those countries that are not mentioned in the list of WBFSH Quotas because those countries do not have a WBFSH Member Association. Only those “non WBFSH countries” can apply for a FEI Quota place.

However, based on the fact that not all countries utilise their allocations, any unused FEI quotas are redistributed to National Federations. As a result, Ireland is likely to benefit from any unused allocations. However, athletes and producers should be aware that Horse Sport Ireland will not be informed of the unused allocations until mid-August. There is no guarantee that any allocations will be allocated in each of the age categories.

According to the timeline (below), Horse Sport Ireland will be informed about the unused FEI quotas by mid-August (step 3). Subject to change – based on 2023 schedules and quota, if any is allocated.

FEI Quota / Foreign-Bred Horses

- a. The OC will only accept entries for the FEI Quota made by the concerning NF's invited by the OC.
- b. NF's of countries not included in the above mentioned WBFSH quota, can apply to the OC for a starting place within the FEI Quota.
- c. Horses that wish to be eligible to receive a starting place within the FEI Quota must be registered at a studbook which is member of the WBFSH.
- d. FEI Quota places can be provided to horses which for instance qualified themselves but have not been selected as their native country is not the same as their country of residence.
The OC, in accordance with the FEI, has the right to adjust the number of quotas in case too many qualified horses apply for a starting place. This might be the case when in the country they have qualified themselves, the NF does not want to take them in their quota. This is to keep the number of horses from one breeding area in proportion .
- e. NF's who have been given a WBFSH quota, cannot apply for a starting place within the FEI Quota for horses that are registered in the national studbooks of the nation of that NF.
- f. **All applications have to be motivated by the NF's and must be accompanied with show results. These results have to be send by email to the organizer.**
- g. After the closing date for the definite entries all NF's will be advised about the provided starting places.
- h. **The OC, in consultation with the FEI, will decide upon startingplaces; no further appeal is possible.**
- i. Starting places are only provided to specific selected horses. Once these horses are selected, they cannot be substituted by a NF. Only the OC can allow substitutions.

Although the FEI encourages the NFs to cooperate with the WBFSH Breeding organization(s) originally recognized in their country, the selection procedure and entries remain the responsibility of the NF.

On the basis that allocations may be granted to Horse Sport Ireland, same will be filled with horses campaigned by IRL Registered FEI Athletes.

- 2.2 All horses must be registered in a Studbook, which is a full member of the WBFSH. Only the Studbook in which the horse in question is first registered, is acceptable for participation at the Championships.
- 2.3 According to the published FEI 2022 schedule; NF's who have been given a WBFSH quota, cannot apply for a starting place within the FEI Quota for horses that are registered in the national studbooks of the nation of that NF. **Therefore, it is clear that Irish Studbook WBFSH members horses cannot be entered as part of the FEI horse Quota.**

SECTION III VETERINARY

- 3.1 Horse Sport Ireland can request that a horse be made available for inspection by the Team Veterinarian(s) or an appointed Veterinarian at any time. Athletes must comply with this request.
- 3.2 Subsequent to selection, athletes must notify the Chef D'Equipe, of any change in their horse's health status or of any veterinary issues when they first become apparent.

In addition, athletes, (at their own expense), shall be responsible for supplying any follow-up diagnostic information requested by the Team Veterinarian for horses being considered for selection. Failure to comply with any request of the Team Veterinarian or an appointed Veterinarian may result in the removal of the athlete/horse combination from selection.
- 3.5 Each athlete will be required to keep a medication logbook for their horses in which

they shall record all products, treatments, foodstuffs and supplements used on or given to their horse from 1st July 2023 until the conclusion of the CH-EU- S.

- 3.6 The Team Veterinarian will be entitled to view this logbook at any time.
