

Horse Sport Ireland Horse/Pony Foal Championship 2023 **Information Note**

Horse Sport Ireland (HSI) is pleased to announce the details of the 2023 Sport Horse/Pony Foal Championship. The Championship for horses and ponies has a prize fund of **€26,000**. The aim is to identify, evaluate and reward breeders who have bred a foal that has the potential to be competitive at the highest international level in the disciplines of showjumping or eventing. The 2023 Horse Sport Ireland Foal Championships are funded by National Breeding Services with thanks to the Department of Agriculture, Food, and the Marine.

There will be 4 provincial qualifiers with separate categories and sections for horses and ponies, for potential showjumping foals and potential eventing foals. The qualifiers will be held in September & October. The highest scoring Show Jumping type foal, and Eventing type foal from both the horse and pony categories, as well as the highest scoring traditional foal across the horse categories, will be selected for the final at each provincial qualifier.

<u>Foal Championship Qualifier Dates for 2023</u>
Wednesday 6 th September- Hollypark Stables, Co. Limerick
Wednesday 20 th September – Kernan’s EC, Co. Armagh
Tuesday 3 rd October – Wexford EC, Co. Wexford
Wednesday 11 th October – Tubberbride Stables, Co. Sligo
Wednesday 25 th October – CoilÓg Equestrian, Co. Kildare

<u>Foal Championship Final Date 2023</u>
Wednesday 25 th October – CoilÓg Equestrian, Co. Kildare

The final will be held on the 25th of October in CoilÓg Equestrian where Champions will be named in each category. A prize fund* of €8,970 for horses and €3,870 for ponies will be on offer at the final for qualified entries.

- Entries must be made online and payment directly to the venue. Payments are processed by the venue(s) separately to applications.
- **Entries will not be accepted on the day of the event.**
- Entries will close 5 working days prior to the competition date. This is to facilitate calculating Pedigree Bonus Points (PBP).
- A start list and start time will be allocated to each competitor by email. Competitors must be present for their allotted time to compete.
- **Foals must be microchipped and have begun the registration process (with any studbook) for the qualifiers.**
- **Foals must be passported and named to compete in the final. The process of receiving a Studbook passport for a foal can take 4 – 6 weeks on correct submission of DNA and relevant documentation.**

Criteria for entry

- For the horse section, foals must be registered in any studbook, they can be entered in the main or supplementary section but must have a breed listed and should be shown with their dams where possible.
- For the pony section, foals must be registered in any studbook (as per the above). Pony foals **must** be shown with their dams.
- **Pony dams will be measured on the day.** If a Pony Dam measures as over height at the competition, the foal will not be able to compete in the pony section. They may compete in the equivalent horse section.
 - The pony height restriction is based on the measurement of the height at the withers which cannot exceed a maximum of 151.0cm with shoes on the day of competition. Pony height will be measured by a veterinarian on the day (151.0cm and under).
 - 148cm is the height limit for ponies without shoes (148cm and under)
- Where the dam is not present, competitors must present the Dam's passport. **In this case, an official measurement must be recorded in the Dam's passport in order for the foal to compete.**
 - Pony foals who attend without their dams/ dam's passport will not be permitted to compete in the pony section¹
- Horse and Pony foals can enter up to a maximum of 2 qualifiers, as long as they have not been placed/won prize money at any previous qualifier.
- Foals must be entered in either the Show jumping Section **or** the Eventing Section. Foals **cannot** compete in both sections.
- The dam's passport must be available on the day for inspection.
- All competing foals must be a minimum of 6 weeks old.
- For information on how to register your foal please contact the Passport Issuing Organisation (PIO) please [CLICK HERE](#) for all DAFM approved studbooks.

Competitors & Classes

- Foals should present to the vet no later than 15 minutes prior to their allotted start time for the qualifier.
- Foals must be led to and from the arena, and only turned loose when requested to do so by the judges.
- The judge's decision for the qualifiers and the Championship is final, the only exception is where the pedigree of the foal is not subsequently confirmed by DNA.
- Foals must be microchipped and have initiated the registration process for the qualifiers and must provide their passport for the final. **Prize money will only be provided after pedigree confirmed by DNA and passport details are verified.**
- Pedigree Bonus Points (see Appendix. 2) will be allocated up to a maximum of 10 points, applicants must provide the relevant verified performance links for PBP allocation, only the information which is provided ahead of the designated deadline can be assessed.
 - To have PBP allocation, applicant must have submitted their application 5 working days in advance of the qualifier (see dates below).
 - Please see table 1 below which contains detail of PBP allocation.

¹ For embryos or pony dams who have since deceased, the applicant must provide proof of the dam's official measurement (FEI/National federation measurement).

- Verified performance links must be provided. This includes Eventing Ireland Records, Show Jumping Ireland Records, Equipe, and other relevant verified performance databases.
Please note Horsetelelex and Hippomundo are not verified performance links and will not be accounted for in PBP allocation.
- Where the qualifier winner is unable to attend the final, the next highest scoring reserve from any qualifier will be offered the place in the final.
 - Should there be a tie, the foal with the highest athleticism score will progress.
 - Should there be a tie in athleticism the combined athleticism and PBP score will be awarded the space.
- It is important for the foals to be well prepared for the classes. To practice for the championship, it is advised that the foal has been handled and familiarised with the headcollar and leading.
- During the events the foals may not have lost all their foal hairs. The judges will only examine the quality of the foal and do not pay attention to colour or coat.
- During the classes a foal's health is more important than a 'show condition' coat. Clipping the foals is not permitted.
- These classes are not traditional show foal classes, they are for potential performance animals. Any evidence of foals having been over-fed or pushed to grow and develop unnaturally, which could be detrimental for their future bone development and general wellbeing will mean elimination from the competition.

Prize Money

- Details for prize payment processing must be provided with the application to ensure efficient processing after each event.
- Prize money will only be paid out where the foal has received a studbook passport **AND** DNA parentage has been verified to match the original entry.
- Prize money will be paid to the registered owner of the foal, unless otherwise indicated by the registered owner.
- **Failure to adhere to the above terms and conditions may result in prize money being forfeited.**

Foal evaluation and scoring

Foals will be presented to the judges, accompanied by their dams (see relevant section for more information).

- During the individual presentation the foal is positioned in front of the judges with a halter, in order to evaluate its posture and conformation.
- The mare and foal will move freely during the foal's movement evaluation, however only the foal is scored.
- The foal can then be judged freely on walk, trot and canter as indicated by the judges. When all the foals are evaluated, the numbers of the winners and reserves will be called out and they will return to the arena for presentations.
- The results for each qualifier will be announced as soon as possible on the Horse Sport Ireland website. The judges' sheet will describe the positive attributes of the foals and provide an assessment as to whether they think the foal is Eventer type or Showjumper type.
- Competitors will receive their score sheet via email no later than 10 days after the competition.
- For detail on pedigree bonus points please see appendix 2.

APPENDIX 2. Pedigree Bonus Points Breakdown

Show jumping

Showjumping pedigree bonus points will be allocated based on dam line and sire show jumping performance.

- The applicant is required to submit verified show jumping performance links or the dam line and sire, where relevant.
 - Verified performance links must be provided. This includes Eventing Ireland Records, Show Jumping Ireland Records, Equipe, and other relevant verified performance databases.
Please note Horsetelex and Hippomundo are not verified performance links and will not be accounted for in PBP allocation.
- Two double clears are required at the below ratings to receive the full PBP allocation in the relevant category.
- Where a mare has 2 progeny that meet the performance requirement, the relevant PBPs will be applied (eg, mare has 2 progeny with 2 DC at 1.30m each, the foal will get 3 PBP).
- Where there is one double clear, half of the point allocation will be provided.
- Performance will only be relevant to the discipline for the category in which the foal is entered (for a foal entering in SJ category only SJ performance will be counted for).

Please see example below:

Foal	Dam	Grand Dam	Great Grand Dam	Sire	PBP Allocation
