

## Horse Sport Ireland – Press Dissemination Document

### Contact:

- Ian Gaughran
- Email: [pr@horsesportireland.ie](mailto:pr@horsesportireland.ie)

### Notes

- While Horse Sport Ireland (HSI) makes every effort to follow the results of all FEI shows where Irish riders are competing, it is not possible to follow all show results live all of the time. If a rider achieves a result that merits coverage in line with the set criteria, they should email the HSI Press Office ([pr@horsesportireland.ie](mailto:pr@horsesportireland.ie)). This email address can also be used to forward on photos or links to videos, which, subject to being of high enough quality, may be used on the HSI website and/or social media. \* Note - It is the responsibility of the person sending on photos and videos to assure they meet all copyright and usage rights.
- HSI is the National Federation (NF) for Equestrian Sport in Ireland, as recognised by the FEI, Sport Ireland (SI), and OCI. All horses and riders representing Ireland in international competition must be registered with the FEI. As the Irish NF, HSI is responsible for providing registrations services for Irish international competitors. All Irish riders wishing to compete at an international show/event must be entered into that event via the FEI Database platform. Horse Sport Ireland makes all international entries for Irish riders competing worldwide. Riders who fail to make their entries through this system, will not have their results reported and may be subject to fines by the FEI.
- HSI is proud to report on the achievements of our international riders. It should be noted that the Press Office does not just report on the results achieved. It monitors all international classes worldwide where Irish riders are entered to compete. This is often outside of normal office hours. HSI has in excess of 500 riders competing annually at more than 400 different FEI international shows and events across 32 countries. This accounts for more than 6,000 Irish entries being made in FEI competitions each year. The Press Office is also reliant on live links and show services reporting results as they happen and these services are not always available from every show.
- Results will be published in line with the criteria detailed for each discipline below.

\*HSI reserve the right to amend this document if needed.
