Food and the Marine

Dear Breeders,

I wish to welcome you to the Horse Sport Ireland (HSI) stallion selections for the Irish Sport Horse, Irish Draught Horse, and Irish Sport Pony Studbooks at Cavan Equestrian on the 21<sup>st</sup> and 22<sup>nd</sup> March 2024. The studbooks have celebrated huge success in 2023 due to the diligence and careful breeding decisions made by our breeders; I have no doubt that this will continue for 2024.

This year, a total of 39 stallions will be presented for selection, including 18 sport horse stallions, 18 Irish Draught stallions and 3 Thoroughbred stallions. The stallion selections include a conformation, movement and athleticism assessment using linear profiling. On day one, a variety of studbook stallions will be presented, including five under saddle in the afternoon. On day two, the remaining Irish Sport Horse studbook stallions will be presented with an additional four stage two horses returning from the 2023 selections.

As breeders will be aware The Department of Agriculture, Food, and the Marine, under National Breeding Services transition from MS to SNP is ongoing. All stallions appearing during the selections will be SNP typed as part of the selection process, as in previous years. The studbook does have studbook registrations personnel onsite throughout the stallion selections should breeders have queries regarding the SNP status of their breeding herd, or indeed to discuss any other passport related queries.

In February, the studbook announced the commencement of an e-passport system; the first phase of implementation focuses on the development of the ePassport's infrastructure and migration of data from with existing databases. Stakeholders from various sectors, including veterinary medicine, equine sports, and regulatory agencies, have been involved in the planning process to ensure the system meets the diverse needs of the equine community. It is expected that the new ePassport system will go live during the summer of 2024. Please note that the physical passport will still be issued and is the legal identification document for horses.

I wish to commend the Horse Sport Ireland team on the tremendous effort in the planning, organisation and delivery of what promises to be a most enjoyable stallion selections. Not forgetting the synonymous running of our regional mare selections which began on the 5th of March and will run until the 16th of April 2024!

Finally, I would like to take this opportunity to wish all the participants in the stallion selections every success and wishing all our breeders well for the 2024 breeding season.

Yours sincerely,

Sonja Egan, PhD

Head of Breeding, Innovation and Development  
Horse Sport Ireland

#### Disclaimer:

There is currently no central database to record the breeding and performance of horses. The information provided in this programme comes from the Irish Horse Register, Weatherby's data, data supplied by the FEI, Showjumping Ireland and Eventing Ireland. International and some national results were sourced from various bodies. Horse Sport Ireland uses every endeavour to ensure that the information it supplies is accurate. Nevertheless, this cannot be guaranteed, principally when dealing with foreign information which is drawn from a diversity of sources and may therefore be missing or out of date for this reason. Horse Sport Ireland cannot accept responsibility for any loss, damage or other liability incurred by its customers or by third parties as a direct or indirect result of information supplied. If you have any additional information about any of the horses listed please advise Horse Sport Ireland and we will endeavour to verify and include it in the future.

## IRISH SPORT HORSE (ISH) STUDBOOK

### • CLASSIFICATION OF STALLIONS IN THE MAIN SECTION OF THE ISH STUDBOOK

- **APPROVED:** Stallions that have met all veterinary and inspection/performance requirements. Approved stallions are eligible for Star Ratings, ranging from 1 to 5 stars, based on their own performance or their progeny's performance in FEI disciplines.
- **RECOGNISED:** Foreign bred performance stallions standing outside of Ireland that are registered in the main section of a studbook that is a full member of the World Breeding Federation for Sport Horses (WBFSH) and have met specified performance/progeny performance criteria and submit a declaration from their originating studbook stating that they have met the veterinary requirements for that studbook.
- **PRELIMINARY APPROVED (PA):** Stallions aged between 4 and 14 years of age that have met the veterinary requirements and the Stage 1 and Stage 2 inspection requirements.
- **PRELIMINARY RECOGNISED:** Foreign bred performance stallions aged between 4 and 14 years old, standing outside of Ireland that are registered in the main section of a studbook that is a full member of the WBFSH and meet specified performance and studbook criteria.
- **STAGE 1 (S1):** Stallions aged between 3 and 14 years of age that have met the veterinary requirements and the Stage 1 inspection requirements.
- **NOT APPROVED 1 (NA1):** Stallions that have met the veterinary requirements but have not met, or have not yet met, the inspection (conformation, movement, athleticism) or performance requirements. NA1 stallions can be upgraded to Approved status if they meet specified pedigree and performance criteria. Stallions that were previously classified as Section 1 (S1) are classified in this class.
- **NOT APPROVED 2 (NA2):** Stallions that have **not** met the veterinary requirements. Stallions that were previously classified as Section 2 (S2) are classified in this class.
- **ENTRY (ENT):** Stallions that have not come forward for a veterinary examination or inspection.

## ISH STALLION ASSESSMENT PROCESS

- **STAGE 1:** Stallions must be a minimum of 3 years of age to be presented for the Stage 1 inspection. Stallions undergo a veterinary examination (including X-Rays) and an assessment of their conformation, movement and athleticism using linear scoring. Movement is assessed both in hand and loose and athleticism is assessed by means of loose jumping. Older stallions can opt to have their athleticism assessed under saddle.
- Stallions that meet the inspection and veterinary requirements are invited to participate in the Stage 2 inspections.
- **STAGE 2:** Stallions must be a minimum of 4 years of age to be presented for the Stage 2 inspection which is a ridden assessment. Stallions that are 4 years old are required to jump a prescribed course and stallions that are 5 years and older are required to jump course of 6 to 8 fences ridden by their own rider and by a test rider appointed by HSI. Each stallion undergoes a further veterinary examination and an assessment of their gaits and athleticism under saddle.
- Stallions that meet the veterinary and inspection requirements in the Stage 2 inspections are classified as 'Preliminary Approved (PA)' and proceed to Stage 3.
- **STAGE 3:** 'Preliminary Approved (PA)' stallions aged between 4 and 14 years of age undergo Stage 3 of the assessment process which involves a review of the stallion's own performance and/or his progeny's performance. This review takes place annually between the ages of 6 and 14 years and stallions that are deemed to have sufficient performance/progeny performance are upgraded to 'Approved'. Stallions with insufficient performance/progeny performance by the age of 14 years can be re-classified as 'Not Approved 1 (NA1)'.

## IRISH DRAUGHT (ID) HORSE STUDBOOK

### CLASSIFICATION OF STALLIONS IN THE ID STUDBOOK

- **CLASS 1 (C1):** Stallions that meet the veterinary and inspection requirements. Class 1 stallions are eligible for additional merits (Gold, Silver and Bronze) based on their own performance and their progeny's performance in a number of disciplines. Stallions that were previously classified as 'RID' are classified in this class.
- **RID (GB):** Stallions that were inspected and classified as 'RID' by the Irish Draught Horse Society Great Britain (IDHS(GB)) from 2001 to 2010.
- **RID (CAN):** Stallions that have been classified in the RID class of the Irish Draught Horse Studbook maintained by the Irish Draught Horse Society Canada (IDHSC).
- **CLASS 2 (C2):** Stallions that meet the veterinary requirements but have not met the inspection requirements. Stallions that were previously classified as Sec on 1 (S1) are classified in this class.
- **G2 (GB):** Stallions that have been classified as 'Grade 2' by the IDHS(GB) between 2004 and 2010.
- **S1 (CAN):** Stallions that have been classified as 'S1' by the IDHSC between 2004 and 2012.
- **CLASS 3 (C3):** Stallions that do not meet the veterinary requirements. Stallions that were previously classified as Sec on 2 (S2) are classified in this class.
- **UNINSPECTED:** Stallions that have not come forward for a veterinary examination or an inspection of any kind.

NOTE: Stallions previously classified as 'RID' are classified as Approved in the ISH Studbook. Class 2 and Class 1 Irish Draught stallions that have not previously been classified as 'RID' are eligible for classification as Approved in the ISH Studbook provided, they meet specified performance criteria.

### ID STALLION ASSESSMENT PROCESS

- **STUDBOOK INSPECTION:** Stallions must be a minimum of 3 years of age to be presented for the Irish Draught Horse Studbook inspections, Stallions undergo a veterinary examination (including X-Rays) and an assessment of their conformation, type, movement and athleticism using linear scoring. Movement is assessed both in hand and loose and athleticism is assessed by means of loose jumping. Older stallions can opt to have their athleticism assessed under saddle. Stallions that meet the veterinary and inspection requirements are classified as 'Class 1'.
- **OPTIONAL ATHLETICISM ASSESSMENT FOR BRONZE MERIT:** The owners of 'Class 1' stallions aged 4 years and older can opt to have their stallion's athleticism assessed by jumping a course of fences at 1.00m level under saddle. Stallions that achieve the minimum athleticism score are awarded a Bronze merit for their own performance in the discipline of show jumping.
