1. NOMINATION & SELECTION PRINCIPLES

The nomination and selection of the athletes to represent Ireland at the Paris 2024 Olympic Games will be conducted in accordance with the following underlying principles:

- 1.1. **Performance** – The NF Nomination Criteria for each sport are designed to identify those athletes most likely to perform to the highest level at the Games. It is understood that in some instances, an NF may set performance standards that are higher than the Minimum Qualification Standards set by the IF. NFs are encouraged to do this where they feel the Minimum Qualification Standards of the IF are at a lower level than the performance expectations of the sport nationally.
- 1.2. **Quota Places** – The decision to accept quota places will be made jointly by the NF and the OFI. In line with principle 1 ‘Performance’, a decision may be made not to accept all quota slots if Athletes do not meet the performance standards set by the NF. The official acceptance or rejection of an allocated quota place in writing is the sole responsibility of the OFI.
- 1.3. **Transparency, Clarity and Communication**– The nomination and selection policy of each NF must be clear and well communicated within a reasonable timeframe to all Athletes and coaches to ensure that all stakeholders understand it.
- 1.4. **Objective decision making** – Where possible decisions of Nomination Committees should be based on objective, measurable criteria. Where subjective criteria need to be included such as within teams or pairings, the process for this must be clearly explained to all stakeholders and the rationale for final decisions outlined in the Nomination meeting notes.
- 1.5. **Fairness** – The Nomination process must be fair and operated without bias or prejudice.
- 1.6. **Age** – The OFI does not set a minimum or maximum age requirement. The age requirement will be in accordance with IF rules for each sport [see sport specific criteria/eligibility].
- 1.7. **Universality / Re-allocation place acceptance** – In sports where universality places are awarded or re-allocation places offered, the following criteria will apply:
 - (i) the decision to apply for such an athlete or team quota slot, will be jointly determined by the NF & OFI.
 - (ii) The OFI will only consider nominations for awarded individual universality or re-allocation quota slots on the basis of the athlete meeting either (a) or (b) from the following criteria:
 - (a) The athlete has achieved a minimum performance standard as per the sport specific criteria agreed with the NF.
 - (b) The athlete has not had the opportunity to qualify through the normal qualification system due to injury, pregnancy, nationality dispute etc.
 - (iii) The OFI will only consider nominations for awarded team universality or re-allocation quota slots if the team has achieved a minimum performance standard as per the sport specific criteria agreed with the NF (each NF Nomination Policy will clearly state what they consider a Team).
- 1.8. **NF and OFI Approval** – All Nomination Policies must be approved in writing by the relevant NF Board and the OFI prior to publication.

2. NOMINATION AND SELECTION PROCESS

The nomination and selection of athletes to the 2024 Irish Olympic Team will result from a graduated process of checks and balances to ensure the agreed criteria are applied correctly and to provide extra assurance to Athletes that their selection is confirmed by a robust process. The subsequent steps in the process are as follows (the timelines are sport specific and clearly documented within the relevant sport sections):

Step 1: The Irish Qualification period closes.

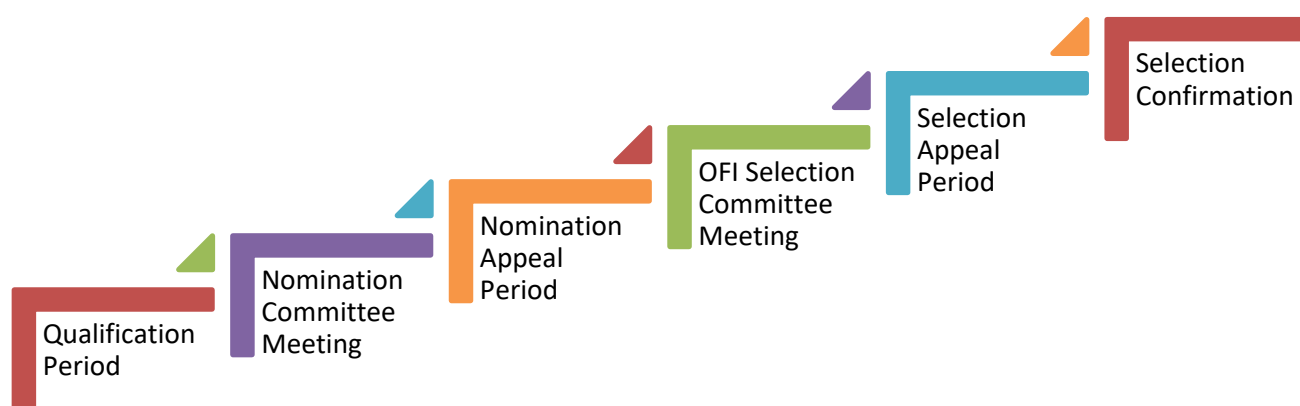

Step 2: The Nomination Committee convenes and applies the agreed NF Nomination Criteria for the sport. Athletes are informed of their Pre-Nomination Status.

Step 3: Sport specific appeal period including internal NF Appeals Process and external SDSI appeal process if required.

Step 4: Formal nomination of Athletes by the Chair of the Nomination Committee to the OFI. All appeals must be concluded before this can happen.

Step 5: The OFI Selection Committee convenes to ratify the NF Nomination after confirming that the NF Nomination Criteria have been applied correctly.

Step 6: Athletes are informed of their selection by the Chef de Mission. Should the OFI Selection Committee not select a Nominated Athlete, the Athlete has the right to use the Selection Appeal Process.

3. NOMINATION AND SELECTION TIMELINES

The timelines for nomination and selection are sport specific and laid out in subsequent sections of this document. The close of the Irish qualification period for specific sports is final and will supersede the closing date for Athletes to achieve qualifying performances as per the Paris 2024 Qualification Guide.

4. NOMINATION COMMITTEE PRINCIPLES AND PRACTICES

- 4.1. Nomination Committees should be made up of a minimum of three voting members, save where the NF seeks permission from the OFI to have less than three voting members. In such circumstances the NF shall set out the reasons justifying why the Nomination Committee should comprise less than three voting members, and the OFI shall have sole discretion to decide whether to grant such permission. There may be more than three voting members but an odd number is recommended to avoid a dead-lock.
- 4.2. All relevant information and paperwork should be circulated to the Nomination Committee Members in advance of the meeting to allow sufficient time for review to enable informed decision making to occur at the meeting.

- 4.3. An independent non-voting chairperson should be appointed. Ideally this person should have proven chairing skills and experience of high performance selection.
- 4.4. Detailed meeting notes must be recorded giving clear rationale for decisions on nomination or non-nomination and retained by the chairperson of the Nomination Committee.
- 4.5. NF Nomination Criteria must be applied in full fairly and consistently.
- 4.6. Where there is any actual or potential conflict of interest or loyalty e.g. where a member of the Nomination Committee is a personal coach of an athlete, this potential conflict must be declared before the convening of the meeting and this person should be replaced on the Nomination Committee by another suitably qualified member.
- 4.7. The communication of an Athlete's Pre-Nomination Status must be communicated respectfully. The Nomination Committee Chairperson and Performance Director should give careful consideration to how the information is communicated to all Long List Athletes. Formal communication should be in writing.

5. OFI SELECTION COMMITTEE PRINCIPLES AND PRACTICES

- 5.1. The OFI Selection Committee shall be made up of three members appointed by the OFI Executive Committee comprising the following members:
 - (i) OFI Chief Executive Officer (Chair);
 - (ii) Paris 2024 Chef de Mission ; and
 - (iii) OFI Executive Committee member. This member will be appointed in advance of each selection meeting and will be selected from those members who do not have any association with the sport being selected.
- 5.2. Detailed meeting notes must be recorded giving clear rationale for decisions on selection or non-selection and retained by the chairperson of the OFI Selection Committee.
- 5.3. Any perceived or known conflict of interest or loyalty will be declared by an OFI Selection Committee Member in advance and subsequent action will be taken to protect the integrity of the selection process.

6. APPEALS

In accordance with the NF Agreement, there will be two types of appeal, namely Nomination Appeals and Selections Appeals. No party to a Selection Appeal or a Nomination Appeal may institute or maintain proceedings in any Court or Tribunal other than as specified in the NF Agreement.

- 6.1. Nomination Appeals
 - (i) Any Athlete on the Long List may appeal against their nomination or non-nomination by the NF to the Provisional Nomination List in accordance with the procedures set out in the NF Appeals Process (the "Nomination Appeal").
 - (ii) The final right of any Nomination Appeal shall be to an SDSI Olympic Tribunal.
 - (iii) The decision of the SDSI Olympic Tribunal shall be final and binding on the parties.
 - (iv) Where the OFI is not a party to a Nomination Appeal, the NF consents to the circulation of the decision of the SDSI Olympic Tribunal and any other documents (in respect of that Nomination Appeal) to the OFI and to any other party specified by the OFI.
 - (v) The OFI and/or their legal representative reserves the right to observe the SDSI Olympic Tribunal Nomination Appeal.
 - (vi) The NF shall not nominate any athlete while any internal appeals process is ongoing and shall confirm same in the athlete nomination form.

- 6.2. Selection Appeals
 - (i) Any Nominated Athlete may appeal against their selection or non-selection by the OFI to the SDSI Olympic Tribunal in accordance with clause 6.2(ii) below (“Selection Appeal”). This appeal to the OFI selection decision shall only be available to Nominated Athletes on the following grounds:
 - (a) That the selection decision was affected by actual bias; or
 - (b) There was no basis upon which the OFI’s decision could be reasonably made.
 - (ii) The procedure for a Selection Appeal shall be as follows:
 - (a) Within 48 hours of receiving the OFI’s notice of their non-selection, the Athlete must file and serve (on the respective CEOs of the OFI and NF) a Notice of Appeal with the SDSI Olympic Tribunal setting out clearly the grounds upon which they dispute their non-selection.
 - (b) Thereafter the SDSI Procedural Rules shall apply.
 - (c) Any party to a Selection Appeal decision of the SDSI Olympic Tribunal may appeal such a decision to CAS in accordance with its rules.
 - (iii) Throughout any Selection Appeals process, all parties must use their best endeavours, acting in good faith, to resolve the dispute through communication and any communications made for the purposes of this process may be made on a without prejudice basis and kept confidential between the parties.

4. Nomination Criteria	<p>Core Objective:</p> <p>This nomination policy combines both competition and general criteria in order for the Eventing High Performance Director to select the IRL eventing athletes to compete at the 2024 Olympic Games in Paris. The Eventing Performance Director’s primary objective is to nominate the appropriate ‘mix of combinations’ to give Ireland the best chance of a podium finish at the 2024 Olympic Games.</p> <p>4.1 In assessing the performances of Combinations, the EHPD will consider the following competition & general measures.</p>

Competition Measures

- i. The EHPD will primarily consider competition results achieved in the top 25% at CCI 5*- L, CCI4*- L, CCI4*- S during 2022, 2023 and 2024. In order to maximise nomination chances, combinations should be aiming to achieve at least one result at 4* International level or above of 70% or better in the dressage, zero show jumping penalties, and clear cross country with no more than 8-time penalties (or no more than 20 seconds slower than the fastest horse in the class);
 - ii. To be considered for selection each horse will ideally have completed a minimum of 2 CCI4*- Long Formats between Jan 2022 and June 2024.
 - iii. The final score (across all three phases of the eventing discipline) in each event mentioned above in (i) and (ii);
 - iv. The scores achieved in each individual phase in each event mentioned above in (i) and (ii); and
 - v. The final placing of the Combination in each event mentioned above in (i) and (ii); (note that the score and the placing of each Combination will be considered but do not automatically position one Combination above another for selection purposes).
- The EHPD may consider other statistical data available in respect of athlete performances.

General Considerations

- i. The soundness of the horse to meet the challenges of competing and travelling to the Olympic Games 2024 will be a significant factor in any nomination decision. Athletes must keep the Team Veterinarian fully briefed on any health or soundness issues the horse may have both historically and throughout the season.
- ii. Athletes are required to disclose any illness or injury (however minor) to the EHPD and Team Veterinarian. Where it becomes apparent that a nominated horse is unsound or unfit to travel or that there was a non-disclosure relating to soundness, the EHPD reserves the right to remove that combination from nomination and selection with immediate effect.
- iii. The health and fitness of the athlete to meet the challenges of competing and travelling to the Olympic Games 2024 will be a factor in any nomination decision.
- iv. Further consideration will be given to the following general measures:
 - a. Past performances and present form of the athlete and horse as a combination and an athlete or horse's historic form.
 - b. The suitability of the Combination with regard to the likely characteristics of the arenas in Paris, and for the unexpected conditions of the Olympic Games Paris (taking into account the objective of the team competition);
 - c. the ability of the Athlete and his/her support personnel to operate and perform in an Olympic environment which is highly regulated and pressurised;
 - d. the ability of the Athlete and/or support team to contribute towards an effective team and winning orientated environment;
 - e. the overall composition of the team;
 - f. the ability and experience of the Combination to compete successfully at the highest level of international competition;
 - g. demonstrated experience and/ or success at Championship level;
 - h. the ability, or potential ability, of a Horse and/or Athlete to perform under the stress and pressure of an Olympic Games.
 - i. the ability of the Athlete to prepare their Horse to peak condition for a major campaign, such as the Olympic Games.

	<ul style="list-style-type: none"> j. consistency of performance and the likelihood of a suitable performance to contribute towards a team medal outcome; k. exceptional ability of a Combination (and the potential to achieve a podium finish) may be a consideration and may, in the EHPD's sole discretion, place a Combination with less experience or consistency ahead of another Combination. l. degree of commitment to the Horse Sport Ireland High Performance (HP) Programme.
5. Force Majeure	<p>5.1 In considering the performances of athletes at events or other attendances in line with the above criteria, the EHPD may, at his discretion, give weight to extenuating circumstances.</p> <p>5.2 For the purposes of section 5.1 above, extenuating circumstances means an inability to compete, or perform, or contribute at an optimum level arising from:</p> <ul style="list-style-type: none"> i. Injury or illness; ii. Bereavement or personal misfortune, and/or; iii. Any other factors reasonably considered by the EHPD to constitute extenuating circumstances; <p>5.3 Athletes unable to compete at events other attendances must advise the EHPD by email of this fact and the reasons thereof as soon as practicable after the extenuating circumstances arise.</p>
6. Removal of Athletes and/or Horses	<p>Applicable Timeframes Subsequent to Nomination by Eventing High Performance Director</p> <p>6.1 An athlete and horse as a combination, or separately, may be removed from nomination to OFI by the EHPD for any reason, including in particular the following:</p> <ul style="list-style-type: none"> a) Violation or alleged violation of the Sport Ireland and FEI (Human) Anti-Doping protocol, policies and procedure. b) Violation or alleged violation of FEI Equine Anti-Doping Rules. c) An adverse analytical finding following on from testing pursuant to Sport Ireland, FEI Clean Sport protocol, (Human & Equine), Horse Sport Ireland National Equine Anti-Doping Programme policies and procedures. d) Violation or alleged violation of the FEI Sport Rules and Regulations and HSI General Rules. e) Violation or alleged violation of the HSI Code of Conduct. f) Violation or alleged violation of the FEI Code of Conduct for the Welfare of the Horse. g) Any action which could damage the reputation of the Sport or the Country. h) Nominated horse produces an adverse analytical finding following on from an assessment and/or Pre- Arrival Testing. i) The Team Veterinarian determines the nominated horse unsound to travel and compete at the Olympic Games Paris. j) Where an athlete falls ill or sustains an injury subsequent to nomination by the Eventing High-Performance Director and is certified by the HSI Medical Officer or his/she designate as unfit to be nominated to the OFI for selection. <p>Subsequent to OFI Selection</p> <p>6.2 An athlete and horse as a combination, or separately, may be removed from selection by the EHPD and the OFI for any of the following reasons:</p> <ul style="list-style-type: none"> a) Violation or alleged violation of the Sport Ireland and FEI (Human) Anti-Doping protocol, policies and procedure. b) Violation or alleged violation of FEI Equine Anti-Doping Rules.

	<ul style="list-style-type: none"> c) An adverse analytical finding following on from testing pursuant to Sport Ireland, FEI Clean Sport protocol, (Human & Equine), Horse Sport Ireland National Equine Anti-Doping Programme policies and procedures. d) Violation or alleged violation of the FEI Sport Rules and Regulations and HSI General Rules. e) Violation or alleged violation of the HSI Code of Conduct. f) Violation or alleged violation of the FEI Code of Conduct for the Welfare of the Horse. g) Any action which could damage the reputation of the Sport or the Country. h) The selected horse produces an adverse analytical finding following on from an assessment and/or Pre- Arrival Testing. i) The HSI Team Veterinarian determines the OFI selected horse unsound, unfit, unwell to travel and compete at the Summer Olympic Games. j) Where an athlete falls ill or sustains an injury subsequent to selection by the Olympic Federation of Ireland, such athlete will be subject to the “Fitness to Compete” undertaken by the OFI. 7. Reserves (P) Athletes	<p>7.1 In the event a nominated or selected Horse is removed due to the reasons outlined in Article 6 above, the EHPD in conjunction with the OFI reserves the right to retain the nominated/selected athlete that had been nominated/selected with the removed horse but substitute the horse with another horse campaigned by that athlete, provided same is included on the relevant long list (nominated entries) for the Olympic Games. The EHPD reserves the right to elect this mechanism ahead of deferring to the P Athlete/Horse list in the first instance.</p> <p>7.2 In the event an Athlete and Horse as a combination, or separately, is removed due to reasons outlined in Article 6 above, and the EHPD does not wish to utilise section 7.1 above or 7.1 is not applicable, the EHPD reserves the right to nominate any other Athlete/Horse Combinations listed on the long list (nominated entries.
